THE CHANDLER MEDICAL PRACTICE ACT, 1899, NO. 237.

AN ACT

To Provide for the Examination, Regulation, Licensing and Registration of Physicians and Surgeons, and for the Punishment of Offenders Against this Act, and to Repeal Acts and Parts of Acts in Conflict Therewith.

[Approved June 13, 1899.]

The people of the State of Michigan enact:

Section 1. That the Governor shall appoint, by and with the advice and consent of the Senate, ten resident electors of the State, who shall constitute a Board of Registration in Medicine. Not more than five of the persons so appointed shall be from the school of medicine known as regular; not more than two of the persons so appointed shall be from the school of medicine known as homeopathic; not more than two of the persons so appointed shall be from the school of medicine known as eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as physio-medical, and the appointees may be chosen from lists submitted to the Governor biennially by each of the four legally incorporated State medical societies of the schools of medicine, as herein mentioned aforesaid, such lists to be certified to under oath of the president or secretary of each society respectively, and filed by them in the office of the Secretary of State at Lansing on or before the fifteenth day of September of the present year, and on or before the first day of March in each succeeding biennial period. Such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their president or secretaries, shall, from any cause, neglect, omit or refuse to file as aforesaid such list or lists, then and in that case the Governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the Secretary of State, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this act. All persons so appointed shall be learned in the profession of medicine, shall be graduates of recognized and reputable medical colleges, and shall have been actively engaged in the practice of medicine for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall be appointed to hold office for two years, the second class for four years, beginning with the first day of October of the present year and until their successors are appointed; and thereafter the Governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university, or shall be financially interested in the manufacture of drugs or the practice of pharmacy. The Governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this act. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of this board shall be transacted by and receive the concurrent vote from at least seven members.

Sec. 2. The members of said board shall meet on the second Tuesday of October, eighteen hundred ninety-nine, at the State Capitol at Lansing, and shall then elect a president from their own number, and a secretary who need not be of their number, but each of whom shall hold their respective offices for two years, and shall have the power to administer oaths. Not less than seven members shall constitute a quorum of said board for transaction of business. The secretary shall give to the treasurer of the State a bond in the penal sum of five thousand dollars, with sufficient sureties, to be approved by the Governor, for the faithful discharge of his duties. The said board shall hold two regular meetings in each year, beginning with the year eighteen hundred ninety-nine; one on the second Tuesday of October, eighteen hundred ninety-nine, and one on the second Tuesday of June, nineteen hundred, and so on, and such additional meetings at such times and places as it may determine.

Sec. 3. On and after the second Tuesday of October, eighteen hundred ninety-nine, all men and women engaged in the practice of medicine and surgery in any of its branches, and all who wish to begin the same in the State, except as hereinafter provided, shall make application to said board to be registered and for a certificate of such registration. This registration and certificate shall be granted to such applicants as shall give satisfactory proofs of being twenty-one years of age and of good moral character, but only upon compliance with at least one of the following conditions:

1. The applicant shall be registered and given a certificate of registration if he shall present sufficient proof within six months after the passage of this act of his having already been legally registered under act number one hundred sixty-seven of eighteen hundred eighty-three, as amended in eighteen hundred eighty-seven, entitled "An act to promote public health." The fee for applicants of this class shall be one dollar.

2. The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant in any foreign nation where the requirements for registration shall be deemed by said board to be equivalent to those of this act: Provided, Such country shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be twenty-five dollars.

3. The applicant shall be registered and given a certificate of registration if he shall satisfactorily pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, toxicology, histology, hygiene, public health laws of Michigan, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and ear, bacteriology and medical jurisprudence; said examination to be conducted as follows:

(a) The applicant shall pay a fee of ten dollars prior to examination.

(b) The examination shall be in writing, oral, or both.

(c) The questions on all subjects, except in therapeutics and practice of medicine, shall be such as may be answered alike by all schools of medicine.

(d) The applicant shall, if possible, be examined in therapeutics and practice of medicine by those members of the board belonging to the same school as the applicant; and no applicant shall be rejected because of his adherence to any particular system of medicine.

(e) An average percentage of at least 75 per cent. of correct answers shall be required from every candidate. No additional fee shall be charged by this board for the registration of those who successfully pass such an examination.

4. The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant in another state of the Union where the requirements for registration shall be deemed by said board to be equivalent to those of this act: Provided, Such state shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be ten dollars.

5. The applicant shall be registered and given a certificate of registration, if he shall have a diploma from any legally incorporated, regularly established and reputable college of medicine in this State, having at least a three-years' course of eight months in each year, or a course of four years of six months in each year, or within the United States, except as heretofore provided, as shall be approved and designated by the board of registration, upon payment of ten dollars, and upon complying with all other requirements of this act, such certificate conferring upon the holders of such diploma all the rights and privileges conferred by this act, without examination.

6. The board of registration shall not register any person by reason of a diploma from any college which sells or advertises to sell diplomas "without attendance," nor from any other than a regularly established and reputable college.

Sec. 4. The person receiving a certificate of registration shall file the same, or a certified copy thereof, with the county clerk in the county where he resides, and said clerk shall file said certificate or the certified copy thereof, and enter a proper memorandum thereof in a book to be provided and kept for that purpose, and may collect therefor a fee of fifty cents for each certificate or copy thus filed. And said county clerk shall, on the first day of each month, furnish to the secretary of said board a list of all certificates filed in his office during the preceding month on a blank provided for that purpose, and upon notice to him of the change of location or death of a person granted a certificate, or upon the revocation of the certificate granted such person, said county clerk shall enter at the appropriate places in the record so kept by him a memorandum of said facts; so that the record so kept by said county clerk shall correspond with the records of said board, so kept by the secretary thereof. In case a person having thus filed a certificate shall move into another county of the State, he shall procure from said county clerk a certified copy of said certificate, and file the same with the said county clerk of the county to which he shall so remove. Said county clerk shall file and enter the same with like effect, as if the same was the original certificate.

Sec. 5. All moneys received by said board shall be paid to the state treasurer monthly, and shall be credited to the general fund of the state, and a receipt for the same shall be filed by the secretary of the said board in the office of the auditor general. The incidental and traveling expenses of said board, and such salary to the secretary as said board may fix, shall be paid from such fund only. The members of said board, except the secretary, shall receive no compensation for their services, except necessary traveling and hotel expenses in attending meetings of said board; and in no case shall any more be paid than was actually expended. Such incidental and traveling expenses shall be approved by said board and sent to the auditor general of the state, who shall draw his warrant upon the state treasurer for the amounts due, as in case of other bills and accounts under the provisions of law: Provided, That the amount so paid shall not exceed the amount received by the treasurer of the State from said board in fees, as herein specified, and as much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of said board as aforesaid.

Sec. 6. Said board shall collect from the various county clerks of the State, each month, a report of all registrations made. Said board shall also keep record of all moneys received and disbursed by it each month, and said record shall always be open to inspection at the office of the secretary of state. Said board shall annually report to the governor, on or before the first day of January of each year, the condition of medi-

cine and surgery in this State, which report shall contain full and complete record of all its official acts during the year, and shall also contain a statement of its receipts and disbursements.

Sec. 7. Any person who shall practice medicine or surgery in this State, without first complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars or by imprisonment in the county jail for a period of not more than ninety days, or by both such fine and imprisonment, for each offense. It shall be the duty of the respective prosecuting attorneys of the counties of this state to prosecute violations of the provisions of this act, upon information furnished by the records of the county clerk, or a member or members of said registration board, or by any other person entitled to credit.

Sec. 8. This act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service, in actual performance of their official duties, nor to regularly licensed physicians or surgeons from out of this State, in actual consultation with physicians of this State, nor to dentists in the legitimate practice of their profession, nor to temporary assistants in cases of emergency, nor to the domestic administration of family medicines, nor any legally qualified osteopath engaged in the practice of osteopathy under the provision of act number seventy-eight of the public acts of the State of Michigan of eighteen hundred ninety-seven, regulating and licensing the practice of osteopathy in the State of Michigan.

Sec. 9. When any person shall append the letters M.B. or M.D. or prefix the title "Dr." or Doctor or any other sign or appellation in a medical sense to his name, it shall be prima facie evidence of practicing medicine and surgery within the meaning of this act.

Sec. 10. It shall be the duty of the assessing officer at the time of making the annual assessment to make out a list of physicians residing within his township, village, district, ward or city, with the name, age and sex of each, and the length of time each has been engaged in practice. Such list shall be returned by the assessing officer to the county clerk, and by the clerk recorded in a book in which are kept the records of the board, and annually on or before the first day of January such clerk shall furnish certified lists of the same to the secretary of this board.

Sec. 11. An act entitled "An act to promote public health," approved June six, eighteen hundred eighty-three, and the act amendatory thereto, approved June twenty-seven, eighteen hundred eighty-seven, except as to all penalties which shall have accrued thereunder, are hereby repealed.

Approved June 13, 1899.

NOTTINGHAM MEDICAL ACT.

ACT NO. 353, LAWS OF 1903.
Amending Act 237, Laws of 1899.

AN ACT

To amend sections one, three and seven of act number two hundred and thirty-seven of the public acts of eighteen hundred and ninety-nine, entitled "An act to provide for the examination, regulation, licensing and registration of physicians and surgeons, and for the punishment of offenders against this act, and to repeal acts and parts of acts in conflict therewith."

The People of the State of Michigan enact:

Section 1. Sections one, three and seven of act number two hundred and thirty-seven of the public acts of eighteen hundred and ninety-nine, entitled "An act to provide for the examination, regulation, licensing and registration of physicians and surgeons and for the punishment of offenders against this act, and to repeal acts and parts of acts in conflict therewith," are hereby amended so as to read as follows:

Section 1. The governor shall appoint, by and with the advice and consent of the senate, ten resident electors of the State, who shall constitute a Board of Registration in Medicine. Not more than five of the persons so appointed shall be from the school of medicine known as regular; not more than two persons so appointed shall be from the school of medicine known as homeopathic; not more than two of the persons so appointed shall be from the school of medicine known as eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as physio-medical, and the governor may select such appointees from the latest lists filed in the office of the secretary of state at Lansing by each of the four legally incorporated State medical societies of the schools of medicine as herein mentioned aforesaid, such lists to be certified to under oath of the president and secretary of each society respectively, and such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their presidents or secretaries, shall from any cause neglect, omit or refuse to file as aforesaid, such lists or list, then and in that case the governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the secretary of state, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this act. All persons so appointed shall be legally registered physicians of this State, shall be graduates in good standing of reputable colleges, and shall have been actively engaged in the practice of medicine in this State for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall consist of those physicians appointed by the governor under act number two hundred and thirty-seven, laws of eighteen hundred ninety-nine, October first, A. D. nineteen hundred one, who shall serve during the time for which they were so appointed, namely: To October first, nineteen hundred five; and the second class shall be appointed to hold office for four years beginning with the first day of October of the present year, and both classes shall hold office until their successors are appointed; and thereafter the governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class, to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university. The governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this act. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of said board shall be transacted by and receive the concurrent vote of from at least seven members.

Sec. 3. On and after the date of the passage of this act, all men and women who wish to begin the practice of medicine and surgery in any of its branches in this State, shall make application to the State Board of Registration in Medicine, to be registered and for a certificate of registration. This registration and certificate shall be granted to such applicants as shall give satisfactory proofs of being twenty-one years of age and of good moral character, but only upon compliance with at least one of the following conditions contained in subdivisions one, two and three of this section:

1. That applicant shall be registered and given a certificate of registration if he shall satisfactorily pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, materia medica and therapeutics, toxicology, histology, practice of medicine, surgery, obstetrics, gynecology, mental and nervous diseases, diseases of the eye, ear, nose and throat, bacteriology, hygiene, public health laws of Michigan and medical jurisprudence; said examination to be conducted as follows:

(a) The applicant shall pay a fee of twenty-five dollars prior to examination: Provided, That the examination fee for graduates of any medical school in the State of Michigan, approved by said board, shall be the sum of ten dollars.

(b) The examination shall be in writing, oral, or both.

(c) The questions on all subjects, except in materia medica and therapeutics and practice of medicine, shall be such as may be answered alike by all schools of medicine.

(d) The applicant shall, if possible be examined in materia medica and therapeutics and practice of medicine by those members of the board or by a qualified examiner appointed by the board, belonging to the same school as the applicant, and no applicant shall be rejected because of his adherence to any particular system of practice.

(e) An average percentage of at least 75 per cent. of correct answers shall be required from every candidate. No additional fee shall be charged by this board for the registration of those who successfully pass such examination: Provided, however, That such applicant for examination shall have a diploma from a legally incorporated, regularly established and reputable college of medicine within the states, territories, districts and provinces of the United States, or within any foreign nation (provided such foreign nation accord a like privilege to graduates of approved medical colleges of this State) having at least a four years' course of seven months in each calendar year, as shall be approved and designated by the Board of Registration in Medicine: Also Provided, That such applicant shall have, previous to the beginning of his course in medicine, a diploma from a recognized and reputable high school, academy, college or university, having a classical course, or shall pass an examination equivalent at least to the minimum standard of preliminary education adopted and published by the board before examiners appointed by and in accordance with the regulations of aforesaid board, and at such time and place as the board may designate: Provided, A student entering a college in Michigan, having a preliminary examination of a standard approved by the Board of Registration in Medicine shall not be required to take this examination: Provided, That this requirement of preliminary education shall not apply to those students who, on the date of the passage of this act, were regularly registered as students of legally organized and reputable medical colleges approved of by said board: And provided, also, That the requirement of medical education shall not apply to those graduates of legally organized and reputable medical colleges approved of by said board who had graduated from such colleges, previous to the date of the passage of this act; and students complying with the other provisions of this section who on January first of the present year were regularly registered as students of legally organized and reputable medical colleges of this State, approved of by said board, may obtain a certificate of registration as graduates of such colleges and without examination by the board upon payment of a fee of ten dollars. The Board of Registration in Medicine shall, from time to time, adopt and publish a minimum standard of medical education, and no medical college shall be approved and designated by said board under this subdivision one, of section three, unless, in the judgment of the board, it conforms with such standard.

2. The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant in any foreign nation where the requirements of registration shall be deemed by said Board of Registration in Medicine to be equivalent to those of this act: Provided, Such country shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be twenty-five dollars.

3. The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant within the states, territories, districts or provinces of the United States where the requirements for registration shall be deemed by the Board of Registration in Medicine to be equivalent to those of this act, and shall otherwise conform to the rules and regulations agreed upon between the State

Board of which he is a licentiate and said board relative to the recognition and exchange of certificates between states: Provided, Such states shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be twenty-five dollars.

4. If any person shall unlawfully obtain and procure himself to be registered under this section, either by false and untrue statements contained in his application to the Board of Registration in Medicine, or by presenting to said board a false or untrue diploma or license, or one fradulently obtained, he shall be deemed guilty of a felony, and on conviction thereof shall be punished by a fine of not less than three hundred dollars nor more than five hundred dollars, or imprisonment at hard labor for not less than one year, nor more than three years, or both, at the discretion of the court, and shall forfeit all rights and privileges obtained or conferred upon him by virtue of such registration as a physician or surgeon.

5. Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this act, or the regulations of the board of registration in medicine, shall be deemed guilty of perjury, and upon conviction thereof shall be subject to all the pains and penalties of perjury.

Subdivision 6, Act 161, 1905. Amending Section 3, Act 237, 1899).

[Adopted June, 1905.]

6. The Board of Registration in Medicine shall refuse to issue a certificate of registration provided for in this section to any person guilty of grossly unprofessional and dishonest conduct of a character likely to deceive the public, and said board shall, after due notice and hearing, revoke a certificate issued subsequent to the date of the passage of this act, or subsequent to the date of the passage of act number two hundred thirty-seven of the public acts of eighteen hundred ninety-nine, for like cause or for offenses involving moral turpitude, habitual intemperance, the drug habit, or for fraud or perjury in connection with obtaining of a certificate of registration, when such offense shall have been legally established in a court of competent jurisdiction: Provided further, After the passage of this act, the board may at its discretion, after due notice, revoke any certificate of registration obtained or issued through error or mistake, and may also revoke the certificate of registration, after due notice and hearing, of any registered physician who inserts any advertisement in any newspaper, pamphlet, circular or other written or printed paper, relative to venereal diseases or other matter of any obscene or offensive nature derogatory to good morals; or who for the purpose of procuring patients employs any solicitor, capper or drummer; or who shall subsidize any hotel or boarding house; or pay or present to any person money or other valuable gift for bringing patients to him.

Act 207, 1905, Amending Section 7, Act 237, 1899:

Sec. 7. Any person who shall practice medicine or surgery in this State, who is not the lawful possessor of a certificate of registration issued under and pursuant to act number two hundred thirty-seven of the public acts of eighteen hundred ninety-nine, or the acts amendatory thereof, or without first complying with the provisions of this act, except as heretofore provided in section three of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than two hundred dollars, or by imprisonment in the county jail for a period of not more than six months, or by such fine and imprisonment, for each offense. It shall be the duty of the prosecuting attorney of the counties of this State to prosecute violations of the provisions of this act.

ACT PROVIDING FOR PRIMARY EXAMINATIONS.

Act No. 56 Public Acts of 1905.

Section 1. All students of medicine and surgery, attending any legally organized and reputable medical college or university, as shall be approved of by the Board of Registration in Medicine of this State, such students being endorsed by said board as having fulfilled the legal requirements of this State for entrance to, or matriculation in, recognized medical colleges, and who shall have completed in accordance with the board's adopted and published minimum standard of medical education, in such approved medical college or university, through attendance and examination, and not prior to the termination of the second year in such institution, such a proportion of the whole course of subjects provided for under section three, subdivision first, act one hundred ninety-one, laws of nineteen hundred three, amending act two hundred thirty-seven, laws of eighteen hundred ninety-nine, entitled "An act to provide for the examination, regulation, licensing and registration of physicians and surgeons," et cetera, as shall be prescribed by said board, shall have the right to an examination by said board, hereinafter called the primary examination, upon all prescribed subjects as shall have been completed by aforesaid students, said examinations to be held at such times and places as designated by the board, and to receive from the board a certificate showing the fact of such primary examination having been taken, together with the credits received thereon in the several subjects upon which the examination shall have been had as aforesaid, such credits obtained shall, at the election of the student, be included and shall form a part of the examination hereinafter called the final examination, provided for under section three, subdivision first, of above mentioned act: Provided, however, that said credits obtained shall be included in, and shall form a part of, the aforesaid final examination, in the event only that such credits shall be presented to said board within three years from and after the date of said primary examination; And provided, That subsequent to graduation from a recognized medical college, in said final examination for a certificate of registration, the applicant shall, if presenting said credits to the board, be examined only in those subjects prescribed for under section three, subdivision first, of the above mentioned act, and which have not been prescribed and listed by the board as subjects of aforesaid primary examination.

Sec. 2. Any applicant applying to the Board of Registration in Medicine for the primary examination provided for under the provisions of this act, shall with the application present to said board satisfactory proof that such applicant is an actual, bona fide and legally registered student of medicine and surgery, in a legally organized and reputable medical college or university recognized as such by said board, and endorsed by the board as having fulfilled the legal requirements of matriculation in this State, and that said applicant has completed, by attendance and examination, and not prior to the termination of the second year in such recognized medical college or university, such a proportion of the whole course of subjects provided for under the general laws of the State as has been prescribed by said board. The applicant shall at the same time pay to the board, for the primary examination provided for, such uniform fee during each calendar year as shall be determined by the board as necessary to cover the expenses incurred by such additional examinations, and which fee shall not exceed the sum of fifteen dollars for each applicant: Provided, The payment of this fee for said primary examination shall not relieve such applicant from the payment of the fee provided for in section three, subdivision first (a), of act one hundred ninety-one, laws of nineteen hundred three, amending act two hundred thirty-seven, laws of eighteen hundred ninety-nine.

MEDICAL PRACTICE ACT.

LAWS

Regulating the Practice of Medicine and Surgery in the State of Minnesota.

(Chapter 35, Revised Code of 1905, in effect March 1, 1906.) Sections 2295-2300.

Section 2295. Board of Medical Examiners—Officers—Records: The State Board of Medical Examiners shall consist of nine qualified resident physicians, appointed by the Governor, each for the term of three years and until his successor qualifies. No member thereof shall serve for more than two successive terms, nor shall any instructor or person financially interested in a medical school be appointed thereto; and it shall at all times include three homeopathic physicians. Vacancies shall be filled by like appointment for the unexpired term. The board shall elect from among their number a president, a secretary and a treasurer, and shall adopt a seal. It shall hold examinations at the seat of government on the first Tuesday in January, April, June and October of each year, and at such other times as it shall deem best. The secretary shall keep a record of all its proceedings, including a register of all applicants for license, giving their ages, a description of their education in medicine, and the result of their examination. Said books and register shall be prima facie evidence of all of the matters therein recorded.

Sec. 2296. Examination and License: A person not already authorized to practice medicine in the state, and desiring so to do, shall apply to the secretary of the board of examination, and pay a fee of $10 for the use of the board, which in no case shall be refunded. At a time appointed, or at the next regular examination, he shall prove that he has completed four entire sessions of twenty-six weeks each at a medical school recognized by the board, no two sessions having been held in one year, or, if such attendance was prior to the year 1899, three sessions shall suffice. He shall be examined in anatomy, chemistry, histology, obstetrics, pathology, physiology, preventive medicine, the diagnosis and treatment of medical and surgical diseases, and such other branches as the board shall deem advisable. After such examination the board, if seven members thereof consent, shall grant him a license to practice medicine. The examination shall be both scientific and practical, and shall thoroughly test the fitness of the candidate. All answers concerning the treatment peculiar to any school of medicine shall be examined, and their sufficiency passed on, by the members of the board belonging to that school, and their recommendations thereon shall be final. The board may refuse to grant a license to, or may revoke the license of, any person guilty of immoral, dishonorable or unprofessional conduct, but subject to right of applicant to appeal to the Governor.

1905 c. 236.

Sec. 2298. Record of Licenses—Report to Secretary: Before engaging in practice, the holder of a license shall file the same for record with the clerk of the District Court in the county where he resides. On removal to another county he shall there file his license in like manner before engaging in practice therein. Such clerk shall keep, in the record book of such licenses, an index thereof, showing the date and page of record, and in January of each year shall furnish to the secretary of the board a list of licenses so filed. On notice to the clerk of the death or removal of a licensee, or of the revocation of a license, he shall note the same on the record of such license.

Sec. 2299. Exemptions: This subdivision shall not apply to commissioned surgeons of the United States Army or Navy, to physicians from other states in actual consultation here, or to students practicing under the direct supervision of a preceptor while they are enrolled in and regularly attending a recognized medical school.

Sec. 2300. Practicing Without License—Penalty: Every person not heretofore authorized by law so to do who shall practice medicine in the state without having obtained the license herein provided for, and every person who shall so practice contrary to any provision of this subdivision, shall be guilty of a misdemeanor, the minimum punishment whereof shall be a fine of $50 or imprisonment for ten days. Any person shall be regarded as practicing within the meaning of this subdivision who shall append the letters M.D., or M.B. to his name, or for a fee prescribe, direct and recommend for the use of any fracture or bodily injury, infirmity or disease; provided the section shall not apply to dentists.

MEDICAL RECIPROCITY ACT.

Chapter 236. Laws 1905.

AN ACT

Authorizing Physicians from other States to practice Medicine in Minnesota.

Be it enacted by the Legislature of the State of Minnesota:

Section 1. That the State Medical Examining Board, either with or without examination, may grant and license to any physician licensed to practice by a similar board of another state, and who holds a certificate of registration showing that an examination has been made by the proper board of any state on which an average grade of not less than 75 per cent. was awarded the holder thereof, the said applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in this state, which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than that prescribed by this state the applicant may be required to submit to an examination in such subjects as have not been covered. The fee for such examination shall be $50.

A certificate of registration or license issued by the proper board of any state may be accepted as evidence of qualification for registration in this state; provided, the holder thereof was at the time of such registration the legal possessor of a diploma issued by a medical college in good standing in this state and that the date thereof was prior to the legal requirements of the examination test in this state.

Sec. 2. If by the laws of any state or the rulings or decisions of the appropriate officers or boards thereof, any burden, obligation, requirement, disqualification or disability is put upon physicians registered in this state or holding diplomas from medical colleges in this state which are in good standing therein, affecting the right of said physicians to be registered or admitted to practice in said state, then the same or like burdens, obligations, requirements, disqualifications or disability shall be put upon the registration in this state of physicians registered in said state or holding diplomas from medical colleges situated therein.

Sec. 3. All acts and parts of acts inconsistent with this act are hereby repealed.

Sec. 4. This act shall take effect and be in force from and after its passage.

Approved April 18, 1905.

MEDICAL PRACTICE ACT.

THE LAW

Regulating the Practice of Medicine in the State of Mississippi. Chapter 104, Annotated Code, 1892.

3243. Duty to Obtain License: Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health. (For penalty see section 1258: If any person shall practice as a physician or surgeon without having first been examined and obtained a license as required by law, he shall, on conviction, be fined not less than $20 nor more than $200, or be imprisoned in the county jail not exceeding thirty days.)

3244. How License Obtained: Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, and must be examined by said board touching his learning in the following branches of medicine only, viz.: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery and hygiene, and if the applicant be found by the board, on examination, to possess sufficient learning in said branches and be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.

3245. Application for License; what to Contain: The application for license must state: (1) The applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical school attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen, and (12) references as to his personal character.

3246. Examinations, when, where and how Conducted: The State Board of Health shall meet at the Capitol on the second Tuesday in the months of May and October in each year for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicant's learning shall be on written questions and answers, and distinction shall not be made between applicants because of the different systems of schools of practice that may be chosen.

3247. Fees for Examination: Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of $10.25, of which $10 are to be divided equally between those members of the board who attend and conduct the examination of the applicant, and 25 cents to be paid to the secretary of the board for filing and preserving the application for license.

3248. Form of License: A license to practice medicine may be of such form as the State Board of Health may prescribe, but it shall contain a statement showing the place of residence, postoffice address and qualifications of the applicant, both as to learning and moral character.

3249. License must be Recorded; Effect of Failure: Every person who receives a license to practice medicine must file it in the office of the clerk of the Circuit Court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose, on the payment by the licensee of the fee provided by law, and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3250. Lost License may be Supplied: If a license to practice medicine be issued and be lost the State Board of Health may issue a duplicate license in lieu of the one lost.

3251. Temporary License: The secretary of the State Board of Health may issue under his signature a temporary license to any one to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants, and such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to 25 cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3252. License of Existing Practitioners: Physicians practicing medicine by virtue of a license lawfully issued under the laws heretofore in force are not required to obtain license under this chapter, and are entitled to continue the practice by virtue of the license which they now have; but the requirements as to recording licenses shall apply to the licenses of physicians heretofore obtained.

3253. Females Practicing Midwifery: Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without a license.

3254. Non-Residents: Licensed physicians who reside without this state and whose practice of medicine extends into it may obtain license to practice medicine in this state without being examined as to their learning, by presenting a written application for license, in the form prescribed, to the State Board of Health, whereupon the secretary of the board shall issue to the applicant a license in the name of the board, for which the secretary shall be entitled to receive a fee of 25 cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician.

3255. Books, Blanks and Stationery: The Board of Public Contracts shall furnish to the State Board of Health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the secretary of state such record books as the clerk of the Circuit Court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the state to such of said clerks as the Board of Health may designate.

Sec. 7519. Qualifications.
Sec. 7520. Its Powers and duties.
Sec. 7521. May Quarantine, when.
Sec. 7522. Epidemics, notice to be given.
Sec. 7523. Penalty for non-compliance with quarantine regulations.
Sec. 7524. Meetings of Board.
Sec. 7525. Duties of Secretary—Compensation of Board.
Sec. 7526. Board to take cognizance of diseases of domestic animals.
Sec. 7527. Board to organize, etc.
Sec. 7528. Annual report, contents.
Sec. 7529. Rules not binding, when.

Section 7518. Board, How Appointed. The governor, by and with the advice and consent of the senate, shall appoint seven persons, who shall constitute a board which shall be styled the state board of health of Missouri. The members so appointed shall hold their office for a term of four years. All vacancies occurring in the board shall be filled by the governor of the state, and when made, when the senate is not in session, will be subject to confirmation at the next ensuing session of the senate. (R. S. 1889, Sec. 5417, amended, Laws 1893, p. 177.)

Sec. 7519. Qualifications. At least five of said board shall be physicians in good standing, and of recognized professional and scientific knowledge, and graduates of reputable medical schools, and they shall have been residents of the state for at least five years next preceding their appointment. Provided, that in the appointments made there shall be no discrimination made against the different systems of medicines that are recognized as reputable by the laws of this state. (R. S. 1889, Sec. 5418.)

Sec. 7520. Its Powers and Duties. The state board of health shall have general supervision over the health and sanitary interests of the citizens of the state. It shall be their duty to recommend to the general assembly of the state such laws as they may deem necessary to improve and advance the sanitary condition of the state; to recommend to the municipal authorities of any city, or to the county courts of any county, the adoption of any rules that they may deem wise or expedient for the protection and preservation of the health of the citizens thereof. (R. S. 1889, Sec. 5419.)

Sec. 7521. May Quarantine, When. Whenever the state board of health shall be satisfied that any malignant, contagious or infectious disease exists in any city, district or part of the country to such an extent as to endanger the lives of the inhabitants of any part of the state of Missouri having direct communication with such infected city, district or part of the country, said board shall have power, by a majority vote, to establish quarantine regulations against such infected city or district, and may determine and regulate to what extent and by whom any communication or business transaction with such infected city or district may be had, and establish such rules and regulations as may be deemed necessary to prevent the introduction and spread of such disease; and said board is hereby empowered to call upon any executive officers of the state to enforce such rules and regulations, and it shall be the duty of all public officers, sheriffs and constables and other executive officers of the state to assist the state board of health to carry out the provisions of this chapter. (R. S. 1889, Sec. 5420.)

Sec. 7522. Epidemics, Notice to be Given. Whenever the state board of health shall declare that any malignant, infectious or contagious disease is epidemic in any portion of the country or the state of Missouri, they shall immediately, or as soon thereafter as possible, give notice to that effect to the citizens of the state, and also give public notice of the rules and regulations adopted by them for the enforcement of quarantine in infected and other districts, and to take such steps and adopt such measures as they may deem necessary to prevent the introduction of such disease. (R. S. 1889, Sec. 5421.)

Sec. 7523. Penalty for Non-compliance with Quarantine Regulations. Any person or persons failing, after notice, or refusing to comply with the quarantine rules and regulations of the state of Missouri, as established by the state board of health, or any person or persons resisting by force the enforcement of the quarantine regulations of the state of Missouri, established and approved as aforesaid, shall be deemed guilty of a misdemeanor and on conviction thereof shall be fined not less than ten nor more than five hundred dollars for each offense. (R. S. 1889, Sec. 5422.)

Sec. 7524. Meetings of Board. The meetings of the board shall be in January and July of each year, and at such other time as the board shall deem expedient. The meeting in January of each year shall be held in the City of Jefferson, and four members shall constitute a quorum. They shall choose from their number a president, vice-president and secretary, and they may adopt rules and by-laws for their government, subject to the provisions of this chapter. (R. S. 1889, Sec. 5429.)

Sec. 7525. Duties of Secretary. Compensation of Board. The secretary shall perform such duties as may be prescribed by the board and this chapter; he shall receive a salary, which shall be fixed by the board; he shall also receive his traveling and other expenses in the performance of his official duties. The other members of the board shall receive no compensation for their services, but their traveling and other expenses while employed on the business of the board shall be paid. The president of the board shall certify the amount to the secretary, and the traveling and other expenses of members, and on presentation of his certificate the auditor of the state shall draw his warrant on the state treasurer for the amount. (R. S. 1889, Sec. 5430.)

Sec. 7526. Board to Take Cognizance of Diseases Among Domestic Animals. The said board of health shall take cognizance of any fatal diseases which may be prevalent among the domestic animals of this state, and ascertain the nature and the causes of such disease, and shall, from time to time, publish the result of their investigations, with suggestions for the proper treatment of such animals as may be affected, and the remedy or remedies therefor. (R. S. 1889, Sec. 5431.)

Sec. 7527. Board to Organize, etc. The state board of health shall organize within thirty days after the appointment of the members thereof. The president of the board shall have power to administer oaths, and the board to take testimony in all matters relating to their duties and powers. In selecting places to hold their meetings they shall, as far as is reasonable, accommodate the different sections of the state, and due notice shall be published of their stated meetings. All certificates issued by them shall be signed by at least five members of the board. (R. S. 1889, Sec. 5432.)

Sec. 7528. Annual Report, Contents. It shall be the duty of the board of health to make annual report, through its secretary or otherwise, in writing, to the governor of this state, on or before the first day of January of each year, and such report shall include so much of the proceedings of the board, and such information concerning vital and mortuary statistics, such knowledge respecting diseases, and such instructions on the subject of hygiene as may be thought useful by the board for dissemination among the people, with such suggestions as to legislative action as it may deem necessary. (R. S. 1889, Sec. 5433.)

Sec. 7529. Rules of Board not Binding, When. No rule or regulation adopted by this board shall be legal or binding which shall conflict with any law of the state, or any ordinance of any municipality or town in the state. (R. S. 1889, Sec. 5434.)

AMENDED ACT OF 1903.

Section 9. It is not intended by this act to prohibit gratuitous service to and treatment of afflicted, and this act shall not apply to commissioned surgeons of the United States army, navy, and marine-hospital service, nor to any student who has matriculated in a medical college on or prior to March 12, 1901; and it shall be the duty of said board of health on receiving a fee of $15 from said student to issue to him a license to practice medicine when said student presents a diploma from any medical college of this state.

Approved March 21, 1903.

HOUSE BILL NO. 137.
Forty-first General Assembly.

AN ACT

To regulate the Practice of Medicine, Surgery and Midwifery, and to prohibit treating the sick and afflicted without a License, and to provide penalties for the violation thereof.

Be it enacted by the General Assembly of the State of Missouri as follows:

Section 1. It shall be unlawful for any person not now a registered physician within the meaning of the law to practice medicine or surgery in any of its departments, or to profess to cure and attempt to treat the sick and others afflicted with bodily or mental infirmities, or engage in the practice of midwifery in the state of Missouri, except as hereinafter provided.

Sec. 2. The state board of health shall have general supervision over the registration of all practitioners of medicine, surgery and midwifery in this state.

Sec. 3. All persons desiring to practice medicine or surgery in this state, or to treat the sick or afflicted as provided in Section 1 of this act, shall appear before the State Board of Health at such time and place as the board may direct, and shall there be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application in writing to the secretary of said board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, and shall also furnish evidence of good moral character. The medical examination may be made in whole or in part in writing, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace such subjects of anatomy, chemistry, physiology, pathology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, medical jurisprudence and hygiene and such other branches as the state board may direct. The candidate shall be required to answer 75 per cent. of such questions as are asked him before being granted a certificate, provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said board who represent the system of medicine of which such applicant has been a student. If there shall be no representative of the school or system of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this act. The board of health shall issue to such persons as they shall find, upon examination, to possess the requisite qualifications, a license to practice medicine and surgery in accordance with the provisions of this act, and the state board of health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination and the same degree of proficiency shall

be required of all. The board shall examine persons applying for a license, although such persons cannot speak the English language, the applicant in all such cases to pay the expense of an interpreter satisfactory to the board.

Sec. 4. Every person holding a license from the state board of health shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be endorsed thereon. And the clerk is authorized to charge a fee of $1 for recording each license, to be paid by the person offering such license for record. Any person removing to another county to practice medicine or surgery shall have his license recorded in the county which he removes to, and the holder of said license shall pay said clerk of said county the usual fee for making the record. The county clerk shall keep in a book provided for that purpose a complete list of the licenses recorded by him with the date of issue. Any person neglecting for twenty days to record his license as in this section provided, after entering upon the practice, shall be guilty of a misdemeanor, and on conviction thereof shall be fined not less than $10 nor more than $50, and on failure to record said license for thirty days after such conviction, such person shall be liable to a fine of not less than $100.

Sec. 5. Any person, except physicians now registered, practicing medicine or surgery in this state, and any person attempting to treat the sick or others afflicted with bodily or mental infirmities without first obtaining a license from the state board of health, as provided in this act, shall be deemed guilty of a misdemeanor and punished by a fine of not less than $50 nor more than $500, or by imprisonment in the county jail for a period of not less than thirty days nor more than one year, or by both such fine and imprisonment for each and every offense, and treating each patient shall be regarded as a separate offense. Any person filing, or attempting to file, as his own a license of another or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by statutes of this state for the crime of forgery in the second degree. Said fines to be turned into the state treasury when collected.

Sec. 6. In order to provide the means to carry out and maintain the provisions of this act, the said board shall charge each person applying to and appearing before it for examination for a license to practice medicine and surgery a fee of $15, and should such examination prove unsatisfactory and the state board refuse to issue a license thereon, the applicant failing to pass such examination may return at any meeting within the next twelve months thereafter and be examined without extra charge, but no temporary license shall be issued to such person. All fees so received from applicants for license shall be paid into the state treasury and shall be held by the state treasurer as a separate fund to be disbursed only in payment of expenses of maintaining said board of health, and said fund is hereby appropriated for said purpose, and no other money shall be paid out of the state treasury for the provisions of this act. The state auditor shall issue his warrant on the state treasurer for payment out of said fund on the certificate of the president and secretary of the state board of health.

Sec. 7. The board may refuse license to individuals guilty of unprofessional or dishonorable conduct, and they may revoke licenses for like cause, after giving the accused an opportunity to be heard in defense before the board. Habitual drunkenness or excessive use of narcotics or producing criminal abortion shall be deemed unprofessional and dishonorable conduct within the meaning of this section, but this specification is not intended to exclude all other acts for which licenses may be revoked.

Sec. 8. Whenever in this act it is provided that any duty or service shall be performed by any county clerk, such duty or service in the city of St. Louis shall be performed by the health commissioner, as if said officer was specially named to perform these duties and services, and said officer shall receive the same compensation therefor as this act provides shall be paid to the county clerk; provided, further, that whenever in this act the word county is used it shall include the city of St. Louis the same as if said city were specially named.

Sec. 9. It is not intended by this act to prohibit gratuitous service to and treatment of the afflicted, and this act shall not apply to commissioned surgeons of the United States army, navy and marine-hospital service.

Sec. 10. It shall be unlawful for any person to practice midwifery in this state before receiving a license to do so. Every person desiring to practice midwifery as a profession shall make application to the state board of health for examination and pay a fee of $5. And upon passing an examination satisfactory to said board upon the subject of obstetrics, shall receive a license to practice as above provided. It shall be unlawful for any person licensed as a midwife only to engage in any other branch of medical practice as to advertise herself as a doctor, doctress or physician, or to use any letters before or after her name on a sign or otherwise, indicating that she is authorized to, or does engage in any other branch of medical practice. And any person practicing midwifery as a profession or advertising herself as a midwife, without first obtaining the license aforesaid, and any licensed midwife who shall do any acts in this section prohibited, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than $10 nor more than $50 or by imprisonment in the county jail not more than two months nor less than ten days. Acting in each case shall be deemed a separate offense. Nothing in this section shall be so construed as to require women practicing midwifery to obtain a license when said women do not practice midwifery as a profession, and do not make any charge for their services.

Sec. 11. Article 1 of chapter 128, Revised Statutes of Missouri, 1889, is hereby repcaled, and this act enacted in lieu thereof, and nothing in this act shall be so construed as to repeal any other existing article or law.

Approved March 12, 1901.

AMENDMENTS TO CHAPTER III.

Article I of the Revised Statutes of 1889. Local Board of Health.

Section 7529. Be it enacted by the General Assembly of the State of Missouri as follows:

Section 1. That Article 1 of Chapter III of the Revised Statutes of Missouri of 1899, entitled, "Health, Board of," be, and the same is hereby amended by adding a new section thereto, to be known as Section 7529a, and which section shall read as follows:

"Sec. 7529a. For the purpose of further carrying out the provisions of this chapter, there is hereby created a County Board of Health to be composed of the judges of the county court of each county and a reputable physician appointed by them. Said county board of health shall have the same powers and authority as are given the state board of health by sections 7521, 7522 and 7523 of this chapter, within their respective counties, outside of incorporated cities and towns, respecting quarantine regulations, and the prevention and spreading of malignant, contagious and infectious diseases therein.

"The judges of the county court shall draw such per diem as is now allowed them by law while holding court, while attending the duties required by this act; provided, that the judges of said court shall not receive any per diem for services rendered on days while the court is in session for the transaction of other business; they may pay the physician appointed a reasonable compensation, as well as all other reasonable expenses incurred thereby, out of the county treasury. Said board of health shall report their proceedings to the state board of health, and shall be a subsidiary board to said state board, and shall enforce such regulations as the state board may prescribe; provided, however, that said county board of health shall have no power to raise a quarantine established by the state board of health.

"Sec. 2. The necessity of this act going into effect at once, on account of the existence of smallpox in a number of counties in this state, and to prevent the spreading thereof, creates an emergency within the meaning of the Constitution; therefore, this act shall take effect and be in force from and after its passage."

Reciprocity Law.

Sec. 3. All persons desiring to practice medicine or surgery in this state, or to treat the sick or afflicted as provided in Section 1 of this act, shall appear before the state board of health at such time and place as the board may direct, and shall be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application in writing to the secretary of said board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, and shall also furnish evidence of good moral character. The medical examination may be made in whole or in part in writing, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace the subjects of anatomy, chemistry, physiology, pathology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, medical jurisprudence and hygiene, and such other branches as the state board may direct. The candidate shall be required to answer seventy-five per cent. of such questions as are asked him before being granted a certificate; provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said board who represent the system of medicine of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this act. The board of health shall issue to such persons as they shall find upon examination to possess the requisite qualifications a license to practice medicine and surgery in accordance with the provisions of this act, and the state board of health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination and the same degree of proficiency shall be required of all. The board shall examine persons applying for a license, although such persons cannot speak the English language, the applicant in all cases to pay the expenses of an interpreter satisfactory to the board. And it is further provided that the said state board of health may at their discretion admit without examination legally qualified practitioners of medicine who hold certificates to practice medicine in any state or territory in the United States, or the District of Columbia, with equal requirements to the state of Missouri, and that extend like privileges to legally qualified practitioners from this state, upon the applicant paying a fee of $25.

Approved April 10, 1905.

Reciprocity Rules.

Qualification No. 1. That a certificate of registration showing that an examination has been made by the proper board of any state, on which an average grade of not less than 75 per cent. was awarded, the holder thereof having been, at the time of said examination, the legal possessor of a diploma from a medical college in good standing in the state where reciprocal registration is sought, may be accepted, in lieu of examination, as evidence of qualification; provided, that in case the scope of said examination was less than that prescribed by the state in which registration is sought, the applicant may be required to submit to a supplemental examination by the board thereof in such subjects as have not been covered.

Qualification No. 2. That a certificate of registration or license, issued by the proper board of any state, may be accepted as evidence of qualification for reciprocal registration in any other state; provided, the holder of such certificate had been engaged in the reputable practice of medicine in such state at least one year; provided, also, that the holder thereof was, at the time of such registration, the legal possessor of a diploma issued by a medical college of four years' requirements, in good standing in the state in which reciprocal registration is sought, and that the date of such diploma was prior to the legal requirements of the examination test in such state.

The board reserves the right to make such changes as it may deem wise and just, under the provisions of the law.

MEDICAL PRACTICE ACT.

Article XVI, Political Code of Montana.

Section 600. The Governor, with the advice and consent of the senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the State of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and who are graduates of accredited colleges of medicine, who shall constitute the board of examiners for the purposes of this act. The physicians so appointed shall hold their respective offices for seven years; Provided, That the term of office of those constituting the present board shall not be affected by the provisions of this act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their terms expire; and provided, also, that all vacancies shall be likewise filled by appointment by the Governor by the advice and consent of the senate. Appointments made when the senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session. (Section 600. Act approved March 13, 1895.)

Section 601. The board of medical examiners must, on the first Tuesday of April of each year, elect from among their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this act. The board of examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof, and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this act; such register is prima facie evidence of all the matters therein kept. (Section 601. Approved March 13, 1895.)

Chapter XIII, Laws of 1903.

Section 602 shall read as follows:

Every person hereafter wishing to practice medicine or surgery in any of the departments of this state shall apply to said board for a certificate to do so. Every person applying shall present his or her diploma to the said board of examiners for verification as to its genuineness; if the diploma is found to be genuine, and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts said board of examiners shall determine, and if the person presenting and claiming said diploma shall be the person to whom the same was originally granted, at a time or place designated by said board, or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to-wit: Anatomy, physiology, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, and present evidences of having attended four courses of lectures of at least six months each, but such evidence of having attended four courses of lectures shall not be required of applicants graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical, and of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired such examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this state. After examination such board, if the candidate has been found qualified, shall grant a certificate to such applicant to practice medicine and surgery in the State of Montana, which said certificate can be granted only by the consent of not less than four members of said board, and which said certificate shall be signed by the president and secretary of said board and attested by the seal thereof; provided, however, that in all cases where an applicant for a certificate under this section shall produce and exhibit to the said board of examiners a certificate from a board of medical examiners, duly appointed and existing under the laws of any state of the United States, and recognizing certificates or licenses from this state certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and that said board issuing said certificate has subjected the applicant to a thorough examination to ascertain this fact, or certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and to the further fact, if such is the case, that such applicant was exempt from examination under the laws of said state by reason of his residence in said state in the active practice of medicine and surgery at the time of the passage in said state of said law requiring the examination of applicants to practice medicine and surgery, he or she may, at the discretion of said board of examiners, on paying the fee required of applicants for examination under the provisions of section 607 of this article, and otherwise complying with all the requirements of this article, receive from said board of examiners a certificate to practice medicine and surgery within this state, and on filing said certificate with the county clerk of the county in which he resides, as is provided in section 604 of this article, he shall be a legally qualified practitioner of medicine and surgery in this state; provided, also, that during the period intervening between the sessions of said board of examiners any person desiring to practice medicine and surgery within this state may present his or her diploma to the president or secretary of said board, who may issue a certificate good until the next regular meeting of said board; and provided, further, that all physicians and surgeons who hold certificates granted by the now existing board of medical examiners, or who are now legally entitled to practice medicine and surgery in this state, shall be exempt from the provisions of this section. (Amended section 602. Approved Feb. 22, 1903.)

Chapter XIV, Laws of 1903,

Amending Section 603 of the Political Code:

Section 603. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause the board must serve in writing on the applicant a copy of any charge or charges against him, and appoint a day for hearing, at which the applicant or any witness in his behalf may appear and give testimony in refutation of such charges. In case the board, after such hearing, refuse a certificate to such applicant, the decision specifically stating the ground on which such refusal was made must be reduced to writing and a copy thereof delivered to the applicant, on demand of the applicant. On a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place within twenty days after the service of the copy of the charges on the applicant, unless delayed by, or further time is granted to the applicant, and the decision of the board must not be later than ten days after the day of hearing. If the decision is not rendered within the said period of ten days the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made.

The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place a written complaint, specifically stating the charges against the person whose certificate is sought to be revoked, must be delivered to the board and a copy thereof be served on such person twenty days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing, at which the person charged may appear and produce testimony in refutation of such charges. If, after such hearing, the board revoke the certificate of such person, the ground on which such revocation is made must be specifically stated by the board in writing and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of the refusal or revocation of a certificate to practice medicine by said board, the person aggrieved thereby may appeal from the decision of the board to the District Court of the county in which such revocation or refusal is made.

The appeal is taken by the appellant serving notice of appeal on any officer of the board within thirty days after receiving from the board a copy of the decision, and filing within the same time with the clerk of the proper District Court a verified copy of the decision appealed from, together with a certified copy of any charges furnished by the board to the appellant. Said appeal shall be tried by a jury of six physicians—not less than two of whom shall be of the same school of medicine as the appellant—and in case such jury can not be obtained in the county where the case is tried, the judge of such court shall order subpenas for physicians of an adjoining county, which shall be served by the sheriff of such adjoining county after the clerk of the court where the subpena is issued shall have sent by registered mail such subpena to such sheriff. The appellant and the medical board shall have the right to peremptorily challenge not more than two of such jurors, and the attorney-general shall act as attorney for said board. The appellant shall be required at the time of filing said appeal to give a bond in the sum of $300, with two good and sufficient sureties to be approved by the clerk of the District Court wherein said appeal is taken for the prosecution of such appeal and for the payment of all costs of such appeal should the case be decided against the appellant. In all other matters such appeals shall be tried as are appeals from Justice Courts. (Amended section 603. Approved March 6, 1903.)

Section 604. Every person obtaining a certificate from the board must, within sixty days from the date thereof, have the same recorded in the office of the county clerk of the county wherein he resides; if he removes from one county to another to practice medicine or surgery, his certificate must be immediately recorded in the county to which he removes. The county clerk must endorse upon the certificate the date of record, and he is entitled to charge and receive his usual fee for such services, the fee to be paid by the applicant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate. (Section 604. Act Approved March 13, 1895.)

Section 605. This act shall not apply to midwives of skill and experience, commissioned surgeons of the United States Army and Navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other states and territories. (Section 605. Act approved March 13, 1895.)

Section 606. Any person practicing medicine or surgery in this state contrary to the

provisions of this act, shall, for each violation of the provisions of this act, be guilty of a misdemeanor, and upon conviction shall be fined not more than five hundred dollars nor less than one hundred dollars, or by imprisonment in the county jail for not more than ninety days, nor less than thirty days, or by both said fine and imprisonment as the court may determine. Any person shall be regarded as practicing within the meaning of this act who shall append the letters M.D. to his or her name, or who shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance, apparatus, or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury, or other deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, or compensation. (Section 606. Act approved March 13, 1895.)

Section 607. Candidates for examination shall pay in advance to the secretary of the board of medical examiners a fee of fifteen dollars, which fee shall defray the entire expense of said candidates for examination before the aforesaid board of examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months, without fee. And the moneys so received shall be turned over to the state treasurer, to be by him deposited in the medical board fund, as hereinafter provided.

Each member of the board is allowed the sum of five dollars per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the medical board fund. And a sum of fifteen hundred dollars is hereby annually appropriated out of any moneys in the state treasury not otherwise appropriated, to meet the expenses incurred in carrying out the provisions of this act. The state treasurer is hereby directed and required to set such sum apart to the credit of such fund, subject to the orders and disbursements as herein provided for. The moneys in such fund shall only be paid out by warrant on said fund on an order drawn by the secretary of said board, countersigned by the president. The rate of mileage and attendance before said board shall be the same as is now allowed in justice of the peace courts. And the board must report annually on the first Monday in November to the Governor, which report must show all the transactions of the board, giving the number of applications received, and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund. (Section 607. Act approved March 13, 1895.)

MEDICAL PRACTICE ACT.

FROM THE COMPILED STATUTES OF NEBRASKA.

Annotated. 1905.

Chapter 55. Medicine.

4315. Section 1. Board of Health: There shall be established in the State of Nebraska a board to be styled the State Board of Health. Said board shall consist of the Governor, Attorney-General and Superintendent of Public Instruction, and the Governor shall be ex-officio chairman of said board. (1891, chap. 35, par. 1.)

(Note.—Sections 1-19. "An Act to establish a State Board of Health to regulate the practice of medicine in the State of Nebraska, and to repeal sections 1 to 11 inclusive of chapter 55 of Compiled Statutes of Nebraska entitled, 'An Act to regulate the practice of medicine,' approved March 3, 1881, and amended in 1883, and all other acts inconsistent herewith, and provide a penalty for the violation of this Act." Laws 1891, chap. 35. Took effect July 5, 1891. Amendments 1903 to Secs. 7, 10, 19. Took effect August 1. Act constitutional in its general scope. Form of indictment. O'Connor v. State, 46 Neb. 157. A police measure. Object of Law. Lincoln Med. Coll. v. Poynter, 60 Id. 228. Medicine embraces surgery and obstetrics. Little v. State, 60 Id. 749.)

4316. Sec. 2. Meetings: Said board shall meet on the call of the Governor and within thirty days after the approval of this Act, and shall meet thereafter as often and at such times as the Governor may from time to time designate. (Id. par. 2.)

4317. Sec. 3. Secretaries: Said board shall within sixty days after the approval of this Act appoint four secretaries, who shall be graduated physicians of at least seven years consecutive practice, who shall be at the time of their appointment actually engaged in practice in the State of Nebraska; one of whom shall be appointed for the term of one year, one for the term of two years, one for the term of three years, and one for the term of four years, and thereafter it shall be the duty of said board to appoint or reappoint one secretary every year as the term of those theretofore appointed shall expire, but each secretary shall continue in office until his successor shall have been appointed. Said appointments shall be made so that of said secretaries two shall be physicians of the so-called regular school, one of the so-called eclectic school, and one of the so-called homeopathic school. (Id. par. 3. Amended 1897. Chap. 49, par. 1.)

4318. Sec. 4. Same, Powers, Duties: Said secretaries shall have power, and it shall be their duty to assist and advise said board in the performance of its duties as prescribed by this Act, to summon witnesses and take testimony in the same manner as witnesses are summoned and testimony taken under the Code of Civil Procedure, and to report said testimony to the board, together with their findings of fact and recommendations on all matters coming before said board requiring evidence for their determination except as hereinafter provided. (Id. par. 4.)

4319. Sec. 5. Same, Certificates: It shall be the duty of said board to see that all the provisions of this Act are strictly enforced, to grant certificates as herein provided, and to cause to be prosecuted all violations of this Act. Said board shall have and use a common seal and may make and adopt all necessary rules, regulations and by-laws not inconsistent with the Constitution and law of this state or of the United States to enable it to perform its duties and transact its business under the provisions of this Act. (Id. par. 5.)

4320. Sec. 6. Quorum: A majority of said board shall constitute a quorum for the transaction of business. (Id. par. 6.)

4321. Sec. 7. Who May Practice, Examination: It shall be unlawful for any person to practice medicine, surgery or obstetrics, or any of the branches thereof, in this state without first having applied for and obtained from the State Board of Health a license so to do. Application therefor shall be in writing, and shall be accompanied by the examination fee hereinafter specified and with proof that the applicant is of good moral character. Applications from candidates who desire to practice medicine and surgery in any or all their branches shall be accompanied by proof that the applicant is a graduate of a medical school or college in good standing, as defined in section 8 of this article. When the application aforesaid has been inspected by the board and found to comply with the foregoing provisions the board shall notify the applicant to appear before it for examination at the time and place mentioned in such notice. Examinations may be made wholly or in part in writing by the board and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner. The examination of those who desire to practice medicine and surgery in any or all their branches shall embrace those subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States. All examinations provided for in this Act shall be conducted under rules and regulations prescribed by the board, which shall provide for a fair and wholly impartial method of examination. It is also provided that examinations on practice of medicine and therapeutics shall be conducted by the member or members of the board of secretaries who are of the same school of medicine as that of the applicant. And it is further provided that the said State Board of Health may, at their discretion, admit, without examination, legally qualified medical practitioners who hold certificates to practice medicine in any state with equal requirements to those of the State of Nebraska. (Amended 1903, S. F. 5.)

4322. Sec. 8. Medical School Defined: The term medical school or college in good standing shall be defined as follows, to-wit: A medical school or college requiring a preliminary examination for admission to its course of study in all common branches and in Latin and the higher mathematics, which requirements shall be regularly published in all the advertisements and in each prospectus or catalogue issued by said school, which medical school or college shall also require as a requisite for granting the degree of M.D. attendance on at least four courses of lectures of six months each, no two of said courses to be held within one year, and having a full faculty of capable professors in all the different branches of medical education, to-wit: Anatomy, physiology, chemistry, toxicology, pathology, hygiene, materia medica, therapeutics, obstetrics, bacteriology, medical jurisprudence, gynecology, principles and practice of medicine and surgery, and specially requiring clinical instruction in the two last named of not less than four hours per week in each during the last two courses of lectures. Provided, That this four years clause shall not apply to degrees granted, or to be granted, prior to August, 1898. (Id. par. 8. Amended 1897, chap. S. F. 5.)

Sec. 9. (Diplomas. Repealed. Laws. 1903. S. F. 5.)

4323. Sec. 10. License, Certificate, Register: If on investigation of the proofs submitted to the board, and after the examination as hereinbefore provided, the applicant shall be found entitled to practice, there shall be issued to said applicant the certificate of said board under its seal and signed by its secretaries stating such fact, and it shall be the duty of the applicant before practicing to file such certificate or a copy thereof in the office of the county clerk of the county in which he or she resides or in which he or she intends to practice; such certificate or copy shall be filed by the county clerk and by him recorded in a book kept for that purpose, properly indexed, to be called the "Physicians Register," and for such services the county clerk shall receive from the applicant the same fees as are allowed to the register of deeds for the recording of conveyances. (Amended 1903, S. F. 5.)

4324. Sec. 11. Exceptions to Act: All physicians who shall be engaged in practice at the time of the passage of this Act shall within six months thereafter present to said board their diplomas and affidavits as hereinbefore provided, or in the case of persons not graduates who were entitled to registration and practice under the provisions of the Act entitled "An Act to regulate the practice of medicine in the State of Nebraska," approved March 3, 1881, an affidavit showing them to have been entitled to so register and practice and a certified transcript of their registration under said act, and on their doing so shall be entitled to the certificate herein provided, which they shall file with the county clerk as herein provided. Provided, That no one having the qualifications required in and having complied with said act of March 3, 1881, shall be liable to prosecution for failure to comply with this act until the expiration of said period of six months. (Id. par. 11.)

4325. Sec. 12. Secretaries, Records, Certificates: It shall be the duties of said secretaries to keep a full record of all the acts and proceedings of said board and of all certificates granted thereby, together with the proof on which certificates are granted, but when said proof in any case shall have been on file in the office of said board for ten days said certificate may be issued by said secretaries without a vote of the board, if no protest has been filed and if in their opinion said proof complies with the provisions of this Act. (Id. par. 12.)

4326. Sec. 13. Removal from County: Any person who shall have obtained a certificate provided by this Act and shall remove to another county shall before entering on the practice of his profession in such other county cause said certificate to be filed and recorded in the office of the county clerk of the county to which he has removed. (Id. par. 13.)

4327. Sec. 14. Certificate, Refusal, Revocation: The board may refuse to issue a certificate, or may revoke one already issued for any of the causes defined in this section, to-wit: The employment of fraud or deception in applying for license or diploma or in passing the examination provided for in this Act; conviction of crime involving moral turpitude; habitual intemperance in the use of ardent spirits, narcotics or stimulants; unprofessional or dishonorable conduct. The words "unprofessional or dishonorable conduct" as used herein are declared to mean: First, the procuring, or aiding or abetting in procuring a criminal abortion; second, the obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured; third, betrayal of a professional secret to the detriment of a patient; fourth, causing the publication and circulation of advertisements of any medicine or means whereby the monthly periods of women can be regulated or the menses can be established, if suppressed; fifth, causing the publication and circulation of advertisements of any kind relative to diseases of the sexual organs tending to injure the morals of the public. (Id. par. 14. Amended 1903. S. F. 569.)

4328. Sec. 15. Effect of Act on Suitors: No person shall recover in any court in this state any sum of money whatever for any medical, surgical or obstetrical services unless he shall have complied with the provisions of this Act and is one of the persons authorized by this Act to be registered as a physician. (Id. par. 15.)

(Note.—There can be no recovery for services, where there has been a failure to file with the County Clerk the certificate of the Board of Health. Maxwell v. Swigart, 48 Neb. maintainable. Citizens Bank v. More, Jan. 789. Action by bona fide purchaser on note 803.)

4329. Sec. 16. Unlawful Practicing, Penalty: Any person not possessing the qualifications for the practice of medicine, surgery or obstetrics required by the provisions of this Act, or any person who has not complied

with the provisions of this Act, who shall engage in the practice of medicine, surgery or obstetrics, or any of the branches thereof in this state, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than $50 nor more than $300, and costs of prosecution for each offense, and shall stand committed until such fine and costs are paid. (Id. par. 16.)

(Note.—Unqualified persons practicing under direction of licensee. State v. Paul, 56, Neb. 369.)

4330. Sec. 17. Practitioner Defined, Exceptions: Any person shall be regarded as practicing medicine within the meaning of this Act who shall operate or profess to heal or prescribe for or otherwise treat any physical or mental ailment of another. But nothing in this Act shall be construed to prohibit gratuitous services in cases of emergency, and this Act shall not apply to commisioned surgeons in the United States Army and Navy, nor to nurses in their legitimate occupations, nor to the administration of ordinary household remedies. (Id. par. 17.)

(Note.—Applies to Christian Science healers. Little v. State. 601d. 749. But see Sec. 20. State v. Buswell, 40 Neb. 158. Osteopathy. et seq.)

4331. Sec. 18. Itinerant Vendors, Penalty: Any itinerant vendor of any drug, nostrum, ointment or applicance of any kind intended for the treatment of any disease or injury, or who shall by writing, printing, or any other method, publicly profess to cure or treat diseases or injury or deformity, by any drug, nostrum, manipulation or other expedite, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less that $50 nor more than $100 or be imprisoned in the county jail for a period of not less than thirty days nor more than three months, or both, in the discretion of the court, for each offense. (Id. par. 18.)

4332. Sec. 19. Fees: Every holder of a diploma from a recognized medical college within the State of Nebraska, making application for an examination and a certificate under the provisions of this Act, shall pay to the board of secretaries prior to his examination the sum of $10. All other persons making such application shall pay to said board the sum of $25. All such fees shall be equally divided among the four secretaries of the board as full compensation for their services and expenses. For the taking of any testimony each of the secretaries shall be entitled to charge and receive such fees as are provided for notaries public for similar services. No part of such fees shall be paid out of the state treasury. (Amended 1903, S. F. 5.)

MEDICAL PRACTICE ACT.

AN ACT

Regulating the Practice of Medicine, Surgery and Obstetrics in the State of Nevada; providing for the appointment of a State Board of Medical Examiners and defining their duties; providing for the issuing of licenses to practice Medicine; defining the practice of Medicine; defining certain misdemeanors and providing penalties, and repealing all other Acts, or parts of Acts, in conflict therewith.

[Approved March 4, 1905.]

The People of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. That it shall hereafter be unlawful for any person or persons to practice medicine or obstetrics in this state without first obtaining a license so to do as hereinafter provided.

Sec. 2. Within thirty days after this law goes into effect it shall be the duty of the Governor of the State of Nevada to appoint a State Board consisting of five members, which shall be known as the Board of Medical Examiners of the State of Nevada, and shall be reputable practicing physicians, duly licensed as such by some legally chartered medical institution in the United States, and who shall have been actually engaged in the practice of medicine in the State of Nevada, three of whom shall be selected from the school of medicine known as the Regular, one from the school known as the Eclectic, and one from the school known as the Homeopathic. This board shall be selected without regard to their individual political beliefs, and they shall hold office for the time for which they were appointed, viz., two for four years, one for three years, one for two years, and one for one year from the date of their appointment, and shall serve until their successors are appointed and qualified. Hereafter one member shall be appointed annually for the term of four years. In the event of a vacancy occurring in said board, or absence from the state for a period of six months without permission, the Governor shall appoint a person duly qualified under this Act to fill the unexpired term.

Sec. 3. Oath: Each member of said board shall, before entering on the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and a legally qualified practitioner of medicine in this state.

Sec. 4. The said board shall meet in Carson City, Nevada, on the first Monday in May, 1905, and shall organize by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of the board. Said board shall hold its regular meetings on the first Monday of May and the first Monday of November of each year, at such time and place as shall be most convenient to said board, and due notice of all special meetings of the board shall be given by publication twice a week for each of the two weeks next preceding such meeting in three papers published in the State of Nevada. Special meetings of the board may be held at the call of the president, and the same notice thereof shall be given as in the case of regular meetings.

Sec. 5. Rules: Said Board may, from time to time, adopt such rules as may be necessary to enable it to carry into effect the provisions of this Act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have the authority to take evidence as to any matter cognizable by it. Such board shall procure a seal, and shall receive through its secretary applications for the certificates provided to be issued under this Act.

Sec. 6. A majority of said board shall constitute a quorum to transact all business. All certificates issued by said board shall bear its seal and the signatures of its president and secretary, and shall authorize the person to whom it is issued to practice medicine in all its branches in this state, on complying with the requirements of this Act. Said board may, in its discretion, accept and register, on payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia or of any state or territory of the United States; provided, however, that the legal requirements of such medical examining board shall have been, at the time of issuing such certificate, in no degree or particular less than those of Nevada at the time when such certificate shall be presented for registration to the board created by this Act; and provided, further, that the provisions in this paragraph contained shall be held to apply only to such of said medical examining board as accept and register the certificates granted by this board without examination by them of the ones holding such certificates.

Sec. 7. After this law goes into effect any person desiring to practice medicine, surgery or obstetrics or any of the various branches of medicine in this state shall, before beginning to practice, procure from the State Board of Medical Examiners a certificate that such person is entitled to practice medicine, surgery or obstetrics in this state. In order to procure such certificate the applicant shall submit to the said board his or her diploma, issued by some legally chartered medical school, the requirements of which medical school shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, and he must accompany said diploma or license with an affidavit setting forth the number and duration of terms the applicant was required to be in attendance, and that he is the lawful possessor of the same, that he is the person therein named, and that the diploma or license was procured without fraud or misrepresentation of any kind. Such application shall be accompanied by the affidavit of two freeholders, resident of the same county in which the applicant resides, stating that the applicant is the identical person named in the accompanying diploma, and that he or she is of good moral standing and reputable. In addition to such affidavit said board may hear such further evidence as, in its discretion, it may deem proper as to any of the matters embraced in said affidavit. If it should appear from such evidence that said affidavit is untrue in any particular, or if it should appear that the applicant is not of good moral character, the application must be rejected. Said board shall retain such diploma such time as is necessary, but in no case shall said board retain such diploma to exceed two weeks. All such diplomas and affidavits shall be addressed to the secretary of the board.

Sec. 8. Applicants for certificates to practice medicine, surgery or obstetrics in the State of Nevada, other than those noted in the foregoing sections, shall be required to present a diploma from a legally recognized college, and to pass a satisfactory examination before the State Board of Medical Examiners as to his or her qualifications. The applicant must appear personally before the board, and the examination shall be conducted in the English language, and shall be, in whole or in part, in writing, and in each branch shall obtain 75 per cent., and shall be on the following subjects, to-wit: Anatomy, physiology, materia medica and therapeutics, chemistry, bacteriology, pathology, toxicology, obstetrics, surgery, general medicine, diseases of the skin, eye, ear, nose, throat, brain, and the genito-urinary system. Said examination shall be fair and impartial, and the questions of such a character as will determine the fitness of the applicant to practice his or her profession. When an applicant applies for examination in materia medica and therapeutics, and theory and practice of medicine, he shall designate in what school of medicine he desires to practice, and the only member or members of the board who belong to the school so designated shall participate in this part of the examination. Examinations shall be practical in character and designed to discover the applicant's fitness to practice medicine and surgery. If an applicant fail in his first examination he may, after not less than six months, be re-examined without additional fee. If he fail in a second examination he shall not thereafter be entitled to another examination in less than one year after the date of second examination, and shall be required to pay for such examination the full fee. The examination papers shall form a part of the records of said board and shall be kept on file by the secretary, and such records shall be open to public inspection whenever requested, after the examination. Each applicant, on making application, shall pay to the secretary of the board a fee of $25 at the same time the diploma and affidavit is filed with him, and this fee shall not be returned in the event of the applicant's failing to pass a satisfactory examination. Any person who may hereafter be granted a license to practice medicine and surgery in this state under this Act on the grounds of reciprocity with other states and without examination, shall pay a fee of $25 for such license.

Sec. 9. Any unsuccessful applicant shall have the right to appeal to the courts, requiring the said board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Nevada.

Sec. 10. Said board shall procure a book for the purpose of recording the names of all persons to whom it issued certificates. In this book shall be entered the names of the applicants, together with the name of the school granting the diploma, the date of the diploma, the number of terms the applicant attended school, residence of applicant, and the date of issuance of certificate. This book shall be retained by the secretary, who shall note the unsuccessful applicants, furnishing the same information as is given above. The secretary shall furnish each county clerk in this state a complete list of persons to whom certificates have been issued, after each meeting of the board. Such list shall be retained and filed by the county clerk, and it shall show the name, age and location of the holder of each certificate, together with the name of the institution conferring the degree and the date of the issuance of certificate.

Sec. 11. The members of the board shall serve without compensation, except that their actual expenses incurred while attending a regular or special meeting of the board shall be refunded; provided, that the secretary shall receive a semi-annual salary of $150 for his services. All moneys received by the board shall be paid out on its order for its expenses and the traveling expenses of the members, and if the moneys received are not sufficient to meet such expenses then the board shall certify to the Board of Examiners, with accompanying vouchers, over its seal and the signatures of its president and secretary, the amount actually necessary to meet the remainder of its expenses, and on the approval of said claim by the Board of Examiners the state controller shall draw his warrant on any moneys in the general fund not otherwise appropriated, and the state treasurer shall pay the same.

Sec. 12. Every person to whom the board shall issue a certificate shall present the same to the county recorder of the county in which he desires to practice and have the same recorded, and shall pay the fee usually paid for recording such papers. The board may refuse a certificate to any applicant guilty of unprofessional conduct, and may revoke any certificate for a like cause. In all cases of refusal or revocation the party aggrieved may appeal to the courts. The words "unprofessional conduct," as used in this Act, are hereby declared to mean:

First—The procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Third—The willfully betraying a professional secret.

Fourth—All advertising of medical business in which grossly improbable statements are made.

Fifth—All advertisements of any medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Sixth—Conviction of any offence involving moral turpitude.

Seventh—Habitual intemperance.

Sec. 13. For the purposes of this Act the words "practice of medicine, surgery and obstetrics" shall mean to open an office for such purpose, or to announce to the public or to any individual in any way a desire or willingness or readiness to treat the sick or afflicted in any county in the State of Nevada, or to investigate or diagnosticate, or to offer to investigate or diagnosticate any physical or mental ailment, or disease of any person, or to give surgical assistance or to suggest, recommend, prescribe or direct for the use of any person any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any money, gift or any other form of compensation. It shall also be regarded as practicing medicine within the meaning of this Act if anyone shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or other designation intended to imply or designate him or her as a practitioner of medicine or surgery or obstetrics in any of its branches; provided, that nothing in this Act shall be construed to prohibit gratuitous services of druggists or other persons in cases of emergency, or the domestic administration of family remedies, and this Act shall not apply to commissioned surgeons of the United States Army or Navy in the discharge of their official duties, nor shall it apply to professional or other nurses in the discharge of their duties as nurses, nor to physicians who are called into this state for consultation and who are legally qualified to practice in the state where he or she resides. In charging any person in an affidavit, information or indictment with a violation of this Act by practicing medicine, surgery or obstetrics without a license, it shall be sufficient to charge that he or she did, on a certain day, and in a certain county of this state, engage in the practice of medicine, he or she, not having a license to do so, without averring any further or more particular facts concerning the same.

Sec. 14. Any person who shall practice medicine, surgery or obstetrics in this state without first complying with the provisions of this Act shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than $100 nor more than $200, or by imprisonment in the county jail for not less than fifty days nor more than 180 days, or by both such fine and imprisonment for each and every such offence. Any person may institute proceedings at law provided for in this Act.

Sec. 15. Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate or falsely claiming himself to be the person entitled to the same, shall be guilty of felony, and, on conviction thereof, shall be punished by imprisonment in the state prison not less than one year nor exceeding five years.

Sec. 16. Any person assuming to act as a member of a State Board of Medical Examiners, or who shall sign or subscribe or issue or cause to be issued, or seal or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this state, except the person so acting and doing shall have been appointed a member of said Board of Medical Examiners as in this Act provided, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than $100 nor more than $500, or by imprisonment in the county jail for a term of not less than 60 nor more than 180 days, or by both such fine and imprisonment.

Sec. 17. Every person practicing medicine, surgery or obstetrics in the State of Nevada on the first Monday of May, 1905, shall submit to the said board his or her diploma for registration, and a fee of $25 shall accompany such diploma; provided, that the owner of such diploma shall, if he or she was practicing medicine, surgery or obstetrics prior to the passage of the Act approved March 15, 1899, and has not complied with said Act of March 15, 1899, pay a fee of $5 for such registration, but such person shall submit to the board said diploma on the first Monday of May, 1905; provided, further, that all persons who have complied with the Act of March 15, 1899, shall be entitled to full registration by the said Board of Medical Examiners, and nothing in this Act shall be construed to prevent such registration, and the secretary of said board shall enter free of all charge on a record book of said board the names of all persons who have complied with the Act of March 15, 1899. And be it further provided, that a certificate of registration or license issued by the proper examining board of any state, which agrees on reciprocal registration with this state, may be accepted as evidence of qualification for reciprocal registration in this state; provided, that the holder of such certificate was at the time of such registration the legal possessor of a diploma issued by a medical college in good standing in this state, and that the date thereof was prior to the passage of this Act.

Sec. 18. All Acts and parts of Acts in conflict with this Act are hereby repealed.

Sec. 19. This Act shall take effect from and after the third day of May, 1905.

MEDICAL PRACTICE ACT.

AN ACT

To regulate the Licensing and Registration of Physicians and Surgeons.

Be it enacted by the Senate and House of Representatives in General Court convened:

Section 1. No person shall hold himself out to the public as a physician and surgeon, or advertise as such, or use the title of M. D. or Dr. (or any title which shall show or tend to show that the person using the same is a practitioner of any of the branches of medicine) in New Hampshire after September 1, 1897, unless previously registered and authorized, or unless licensed and registered as required by this chapter; nor shall any person practice medicine and surgery whose authority to practice is suspended or revoked by the regent of a state board.

Sec. 2. Within sixty days after the passage of this Act the Governor and Council shall appoint three separate State Boards of Medical Examiners, of five members each, so appointed that the term of office of one member shall expire each year, and the members thereafter appointed shall hold office five years, or until their successors are appointed and qualified. One board shall represent the New Hampshire Medical Society, one the New Hampshire Homeopathic Medical Society, and one the New Hampshire Eclectic Society. Each of these three societies shall nominate, annually, twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted, under seal, by the president and secretary to the Governor and Council, who shall appoint from such lists the examiners required to form the boards and to fill any vacancy that may occur from expiration of office or otherwise. Each nominee, before appointment, shall furnish to the Governor and Council satisfactory proof that he has received the degree of doctor of medicine from some registered medical school, and that he has legally practiced medicine in this state for at least five years. If no nominees are presented from a society to the Governor and Council they may appoint from members in good standing in such society without restriction. The Governor and Council, on recommendation of the board, may remove any examiner for misconduct, incapacity or neglect of duty.

Sec. 3. Every medical examiner shall receive a commission of appointment from the state, and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. Each board, or member thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may make any by-laws and rules, not inconsistent with law, necessary in performing its duties.

Sec. 4. The superintendent of public instruction, ex-officio, shall be the regent of the State Boards of Medical Examiners and shall perform such duties as are herein specified.

Sec. 5. From the fees provided by this Act the regent may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any year shall be apportioned equally among the three boards; and the state shall not pay the expenses of said boards, or either of them, or compensate them, or either of them, for services rendered under their commissions.

Sec. 6. Each board shall annually elect from its members a president and a secretary for the year, and shall hold one or more meetings each year, pursuant to call of the regent, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum, but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards.

Sec. 7. The regent shall admit to examination any candidate who pays a fee of $10 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than twenty-one years of age.
2. Is of good moral character.
3. Has graduated from a registered college; or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regent as fully equivalent.
4. Has studied medicine not less than four full school years, of at least nine months each, including four satisfactory courses, of at least six months each, in four different calendar years, in a medical college registered as maintaining at the time a satisfactory standard. The regent shall accept, as the equivalent for any part of the third and fourth requirements, evidence of five or more years reputable practice, provided that such substitution be specified in the license.
5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country.

Students who matriculate in a New Hampshire medical school before January 1, 1898, on the prescribed study of medicine, shall be exempt from this preliminary education requirement.

Sec. 8. Each board shall submit to the regent, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia medica. From these lists the regent shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice, and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school, as determined by its State Board of Medical Examiners.

Sec. 9. Examinations for licenses shall be given at Concord, in this state, and at least twice annually, and shall be exclusively in writing and in English. Each examination shall be conducted by the regent or a competent examiner appointed by him, who shall not be one of the medical examiners. At the close of each examination the regent or examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark answers and transmit to the regent an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average, and whether the board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the regent. If a candidate fails on first examination he may, after not less than six months further study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the boards they may waive the required six months study.

Sec. 10. On receiving from a State Board an official report that an applicant has successfully passed the examinations and is recommended for license, the regent shall issue to him a license to practice medicine. Every license shall be issued by the regent under seal, and shall be signed by each acting medical examiner of the board selected, and by the regent, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education, and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other state examining boards registered by the regent as maintaining standards not lower than those provided by this chapter, and applicants who matriculate in a New Hampshire medical school before January 1, 1898, and who receive the degree M. D. January 1, 1903, may, without further examination, on payment of $5.00 to the regent and on submitting such evidence as may be required, receive an endorsement of their licenses or diplomas conferring all rights and privileges of a regent license issued after examination.

Before any license is issued it shall be numbered and recorded in a book kept in the regent's office and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 11. (As amended by Chapter 1 of the Session Laws of 1903.) This chapter shall not be construed to affect commissioned medical officers serving in the United States Army, Navy, or Marine Hospital Service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs, or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this state in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this state, and who does not open an office or appoint a place to meet patients or receive calls within this state; or to the regular or family physicians of persons not residents of this state, when called to attend them during a temporary stay in the state, or to the hotel physician regularly employed by the landlord of the summer hotel in the care of his guests or employes; neither shall the provisions of this Act apply to clairvoyants or to persons practicing hypnotism, magnetic healing, mind cure, massage, christian science, so called, or any other method of healing if no drugs are employed or surgical operations are performed; provided, such persons do not violate any of the provisions of this Act in relation to the use of M. D. or the title of doctor or physician.

Sec. 12. Any person who, not being then lawfully authorized to practice medicine within this state and so registered according to law, shall hold himself out to the public as a physician and surgeon, or advertise as such, within this state, without lawful registration or in violation of any provision of this chapter; and any person who shall buy, sell or fraudulently obtain any medical diploma, license, record or registration, or who shall aid or abet such buying, selling or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record or registration illegally obtained or signed or issued unlawfully, or under fraudulent representations or mistake of fact in a material regard; and any person who shall append the letters M. D. to his or her name; or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine, or of any of its branches, without having legally received the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this state then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than $100 or imprisonment for three months for the first offense; and on conviction of any subsequent offense, by a fine of not more than $250 or imprisonment for not less than six months, or by both fine and imprisonment.

Sec. 13. Every person who is a practitioner of medicine and surgery in this state prior to the passage of this Act shall be, on satisfactory proof thereof to the regent and on the

payment of a fee of $1.00, entitled to registration; and the said regent shall issue to him a certificate signed by himself and the chairman and secretary of such Board of Medical Examiners as the applicant may elect; and said certificate shall state the facts and the cause of said registration, and shall entitle the said person to practice medicine legally in the State of New Hampshire.

Sec. 14. The first meeting of the board may be called by any one of its members by a notice in writing, stating the time and place of meeting, sent by mail to each of the other members at least one week prior thereto.

Sec. 15. This Act shall take effect on its passage.

Approved March 16, 1897.

MEDICAL PRACTICE ACT.

AN ACT

To regulate the Practice of Medicine and Surgery, to license Physicians and Surgeons, and to punish persons violating the provisions thereof. Approved May 22, 1894. Chapter CCCVI.

Amended as to the third, fourth and ninth sections, and approved April 8, 1903. Chapter CCXXVIII.

Section 1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That the Governor shall appoint, by and with the advice and consent of the Senate, a board of examiners to be known as the State Board of Medical Examiners, said board to consist of nine members, who shall be persons of recognized professional ability and honor; the terms of office of said board shall be three years, or until their successors are appointed; provided, however, that the members of the board first appointed shall be divided into three classes, each class to consist of three persons; the first class shall hold office under said appointment for one year, the second for two years, and the third for three years from the date of their appointment, and thereafter each member shall be appointed for a term of three years, and provided further, that said board shall consist of five old-school physicians, three homeopathic and one eclectic; said appointees shall, within thirty days after the receipt of the respective commissions take, subscribe and file in the office of the secretary of state the oath or affirmation prescribed by law.

Sec. 2. And be it enacted, That said board shall elect a president, a secretary and a treasurer from its membership; it shall have a common seal, and its president shall be empowered to issue subpoenas and to administer oaths in taking testimony in any matter pertaining to the duties of said board; it shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this state or of the United States, whereby to perform the duties and to transact the business required under the provisions of this Act.

Sec. 3. And be it enacted, That said board shall hold meetings for examinations at the Capitol Building of this state on the third Tuesday of June and October of each year, and at such other times and places as the board may deem expedient; said board shall keep an official record of all its meetings, and an official register of all applicants for a license to practice medicine and surgery in this state; said register shall show the name, age, nativity, last and intended place of residence of each candidate, the time he or she has spent in obtaining a competent academic education, as hereinafter provided, and in medical study, in or out of medical school, and the names and location of all medical schools or examining and licensing boards which have granted said applicant any degree or certificate of attendance on lectures on medicine and surgery or state examinations; said register shall also show whether said applicant was examined, licensed or rejected under this Act, and said register shall be prima facie evidence of all matters therein contained.

Sec. 4. And be it enacted, That all persons hereafter commencing the practice of medicine or surgery in any of its branches in this state shall apply to said board for a license to do so; applicants for examination shall present to the secretary of this board, at least ten days before the commencement of the examination at which he or she is to be examined, a written application on a form or forms provided by said board, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained at least a certificate or diploma issued after four years of study either in a normal, manual training or high school of the first grade in this state, or in a legally constituted academy, seminary or institute of equal grade, or a student's certificate of examination for admission to the freshman class of a reputable literary college, or has received an academic education considered and accepted by the state superintendent of public instruction as fully equivalent, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college (which in the opinion of said board was in good standing at the time of issuing said diploma) in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of lectures of at least seven months each, in four different calendar years in some legally incorporated American or foreign medical college or colleges prior to the granting of said diploma or foreign license; provided, however, that candidates for license who graduated prior to July 4, 1903, and have been in continuous and reputable practice for at least five years since graduation, may be admitted to the examination of this board on certified and satisfactory evidence of moral character and of three courses of medical lectures in different calendar years and of a competent academic education according to the standard of that time, as determined in the case of non-graduates of academic institutions by the state superintendent of public instruction; provided, however, that such substitution and exemption be specified in the license; provided further that candidates for license who graduated prior to July 4, 1894, and have been in continuous and reputable practice since graduation, may be admitted to the examinations of this board on certified and satisfactory evidence of moral character and of two courses of medical lectures in different calendar years and of a competent academic education according to the standard of that time, as determined in the case of non-graduates of academic institutions by the state superintendent of public instruction; and provided further that such substitution and exemption be specified in the license, and if said application is approved and the said applicant shall have deposited the sum of $25 with the treasurer of such board as an examination fee, and said applicant may, in case of failure to pass the examination, be re-examined at any regular examination within one year without the payment of an additional fee; the applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary, and shall mark his or her examination paper with said number, and shall be known to the members of said board only by said number until his or her papers have been examined and marked; applicants examined and licensed by or who are or have been members of state examining and licensing boards of other states, on the payment of $50 to the treasurer of said board, and on filing with the secretary of said board a copy of his or her license or certificate, certified by the affidavit of the president and secretary of such board, showing also that the standard of requirements of said board at the time of said license or certificate was issued was substantially the same as that required by the said board, and of his or her affidavit as to the personality thereof, may be granted a license by said board without further examination thereby.

Sec. 5. And be it enacted, That all examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice; if the applicant intends to practice homeopathy or eclectism, the members of said board of those schools respectively shall examine said applicant in the materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, materia medica and therapeutics; obstetrics and gynecology; practice of medicine, including disease of the skin, nose and throat; surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs; anatomy; physiology; chemistry; histology; pathology; bacteriology; hygiene; medical jurisprudence, and in such other subjects as the board may decide; all examinations shall be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; if said examination is satisfactory the board shall issue a license, entitling the applicant to practice medicine and surgery in this state; the votes of all examiners shall be yes or no and written with their signatures on the backs of the examination papers of each candidate; said application and examination papers shall be deposited in the state library, in the Capitol Building, and they shall be prima facie evidence of all matters therein contained; all licenses shall be signed by the president and secretary of the board, and shall be attested by the seal thereof.

Sec. 6. And be it enacted, That the board may refuse to grant or may revoke a license for the following causes, to-wit: chronic and persistent inebriety; the practice of criminal abortion; conviction of crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic and incurable diseases; or where any person shall present to this board any diploma, license or certificate that shall have been illegally obtained, or that shall have been signed or issued unlawfully or under fraudulent representations; in complaints of violating the provisions of this section the accused person shall be furnished with a copy of the complaint and given a hearing before said board in person or by attorney; and any person, after such refusal or revocation of license, who shall attempt or continue the practice of medicine shall be subject to the penalties hereinafter prescribed.

Sec. 7. And be it enacted, That the person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said certificate or copy thereof and enter a memorandum thereof, giving the date of said license, with the name of the person to whom the same is issued, and the date of said filing, in a book to be provided by this board and to be kept for that purpose, and for which registry the said county clerk shall be entitled to demand and receive from each person registering the sum of $1.00; in case the person so licensed shall move into another county of this state, he or she shall procure from the said clerk a certified copy of such registration, and then file the same with the clerk of the county to which he or she shall remove, and the said clerk shall file and enter the same with like effect as if the same was an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of $1.00; and each county clerk in the counties of this state shall, on the last day of November of each year, furnish to the secretary of said board a list of all the certificates of this board filed in his office during the previous year, and on notice to him of the change of location or death of the person so licensed, or of the revocation of said license, said county clerk shall enter at the appropriate place in the records so kept by him, a memorandum of said fact, and said memorandum shall be furnished to the secretary of this board in the annual report above required.

Sec. 8. And be it enacted, That any person shall be regarded as practicing medicine or surgery within the meaning of this act who shall use the words or letters "Dr.", "Professor," "M. D.", or "M. B." in connection with his or her name, or any other title intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, and who in connection with such title or titles or without the use of

such titles, shall prescribe, direct, recommend, advise, apply, give or sell, for the use of any person or persons, any drug or medicine or other agency or application for the treatment, cure or relief of any bodily injury, infirmity or disease; and it is further provided that the use of any one of the aforementioned titles or the exposure of a sign, circular, advertisement or any other device or information, indicating thereby the occupation of the person or persons, shall be considered prima facie evidence; and it is further provided that the provisions of this act shall apply to all persons professing and attempting to cure diseases by means of the so-called systems of "faithcurism," "mind-healing," "laying-on-of-hands" and other similar systems.

Sec. 9. And be it enacted, That this Act shall not apply to the commissioned surgeons of the United States Army, Navy or Marine-Hospital Service while so commissioned, or to lawfully qualified physicians or surgeons residing in other states meeting registered physicians and surgeons of this state in consultation, or to any legally qualified physician or surgeon of another state taking charge of the practice of a legally qualified physician or surgeon of this state temporarily during the latter's absence therefrom and on the written requests to said board therefor, or to any physician or surgeon of another state, and duly authorized under the laws thereof, to practice medicine and surgery therein; provided that such practitioner shall not open an office or a place for the practice of his profession within the borders of this state; or to anyone while actually serving as a member of the resident medical staff of any legally incorporated charitable or municipal hospital or asylum, or to any legally qualified and registered dentist exclusively engaged in practicing the art of dentistry, or to any person claiming the right to practice medicine and surgery in this state who has been practicing therein since before the 4th day of July, 1890; provided said right or title was obtained on a duly registered diploma, of which the holder and applicant was the lawful possessor, issued by a legally chartered medical institution which, in the opinion of said board, was in good standing at the time said diploma was issued; or to any person resident of this state who has been continuously engaged in giving treatment by electricity herein during the past fourteen years; provided that said person has graduated from a legally incorporated electro-therapeutic school in good standing, or to any legally licensed and registered pharmacist of this state actually engaged in the practice of his profession, but this exception shall not be extended so as to give said licensed pharmacist the right and authority to carry on the business of a dispensary, unless said dispensary shall be in charge of a legally licensed and registered physician and surgeon of this state; or to any legally licensed and registered veterinary physician, surgeon or dentist of this state engaged in the practice of veterinary medicine, surgery or dentistry in any of its branches; or to any professional nurse, masseur or electrician, operating in each particular case under the specific direction of a regularly licensed physician or surgeon; or to any person or persons giving aid, assistance or relief in emergency or accident cases pending the arrivel of a regularly licensed physician and surgeon.

Sec. 10. And be it enacted, That any person hereafter commencing or continuing the practice of medicine and surgery in any of its branches in this state without first having obtained and filed the license herein provided for or contrary to the provisions of this Act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished for the first offense by a fine of not less than $100 or by imprisonment in the county jail for a period of not less than thirty days or by both fine and imprisonment, and for each subsequent offense the punishment shall be double that of the preceding one, and it shall be the duty of the respective district attorneys of the counties of this state to prosecute violations of the provisions of this Act.

Sec. 11. And be it enacted, That the expenses of said board and of the examination shall be paid from the license fees above provided for, and if any surplus remain, the same may be distributed among the members of said board as a compensation for their services as members, but otherwise they shall receive no compensation whatever.

Sec. 12. And be it enacted, That all acts or parts of acts, general or special, now existing, not in accordance with the provisions of this act, or inconsistent therewith, are hereby repealed.

Approved May 22, 1894.

Amended as to sections 8, 4 and 9 and approved April 8, 1903.

MEDICAL PRACTICE ACT.

AN ACT

To regulate the Practice of Medicine in New Mexico.

Be it enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That a Board of Health is hereby established which shall be known as the New Mexico Board of Health, and be composed of seven reputable physicians of medical schools of good standing, who are registered practitioners in, and who are bona fide residents of New Mexico. The Governor of New Mexico shall appoint the members of said board, and shall fill any vacancies occuring therein, and shall remove from said board any member who fails to fully perform his duties on said board. The members of said board shall be appointed for a term of two years, and qualify as the Board of Regents of the University of New Mexico is required to do.

Sec. 2. The board shall organize and select one of its members as president, one as vice-president, one as secretary, and one as treasurer, within four months after the appointment of its members. Said board shall hold meetings in the city of Santa Fe in the Capitol Building in the rooms provided for it by the Capitol Custodian Committee, on the first Mondays of each and every June and December. Said board may hold a special meeting in cases of emergency, said special meeting to be called by the president of the board, and the object of the meeting fully stated. A majority of the members of this board shall constitute a quorum for the transaction of all business.

Sec. 3. The said board shall, on the production of evidence satisfactory to it, license any reputable person who is a graduate of a medical college in good standing, as defined by this act, to practice medicine, surgery and obstetrics in New Mexico. A medical college in good standing for the purposes of this Act is declared to be one of at least ten years continuous existence, one which now requires a high school certificate or its equivalent, for admission to it, and one which now or hereafter requires an attendance on and gives four full courses in four separate years, and one which has ample clinical facilities such as are furnished in large cities. And said board shall at its December meeting in each year prepare and cause to be printed and distributed for the information of those interested a copy of this law and a list of the medical colleges in the United States of America recognized by it to be in good standing under this section. And such board shall recognize any honorary or emeritus degree conferred on any eminent foreigner by any such college as fully and to the same extent as if the applicant were a regular graduate thereof. The president and secretary of said board shall be and are hereby empowered to administer oaths to applicants and all witnesses and others appearing before said board in any application or proceeding provided for herein, and any person making a false oath or affidavit before said board shall be guilty of perjury and be subject to punishment for that crime. The secretary of said board shall issue a temporary license to any person complying with the provisions of this Act who has paid the fee to the secretary.

Sec. 4. Every person holding a certificate of said Board of Health shall have the same recorded in a book provided for that purpose in the office of the probate clerk of the county wherein the practitioner resides within thirty days after said certificate is issued, and the date of the recording shall be endorsed on said certificate. Said certificate, or a copy of the registration, must be again recorded in any county to which the practitioner may remove permanently. And the fact that no such certificate shall be found recorded in the county where any person is practicing or offering to practice medicine shall be accepted by the court as prima facie evidence that no such certificate has been issued, and shall throw the burden of proving that he has a certificate on the defendant in any suit or prosecution begun against him for the violation of the provisions of this act.

Sec. 5. It is hereby made the duty of this board to refuse to license any person guilty of immoral, dishonorable or unprofessional conduct, and said board shall also revoke and annul any certificate which has been issued by said board, or any previous board, on satisfactory proof being made to the said board that the holder of said certificate or diploma has been guilty of immoral, dishonorable or unprofessional conduct. Five days' notice shall be given in writing to the person accused of improper conduct, with a copy of the charge against him. Requiring him on a day named to appear before the board and show cause why his license should not be revoked or cancelled. When any such license has been revoked or cancelled by said board the said board shall send notice in writing under the hand of the secretary, which notice shall be filed for record and recorded in the book in which the physicians' licenses are recorded in the office of the probate clerk of the county in which the person whose license has been revoked resides. Any person whose certificate has been revoked or cancelled by said board, under the provisions of this Act, who shall hereafter practice or attempt or offer to practice medicine in New Mexico, shall thereby become guilty of a misdemeanor and shall be punished as provided in section 9 of this Act.

Sec. 6. For the purposes of this act the words "practice of medicine" shall mean to open an office for such purpose or to announce to the public or to any individual in any way a desire or willingness or readiness to treat the sick or afflicted, or to investigate or diagnose, or offer to investigate or diagnose, any physical or medical ailment or disease of any person, or to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure, or relief, of any wound, fracture or bodily injury or deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation.

Provided, That nothing in this Act shall be construed to prohibit gratuitous services in cases of emergency, or the domestic administration of family remedies, or women from practicing midwifery, and this Act shall not apply to surgeons of the United States in the discharge of their official duties.

Sec. 7. Each applicant for a license to practice medicine in New Mexico shall pay the secretary of this board a fee of twenty-five dollars ($25.00).

Sec. 8. Any vendor, except licensed druggists, of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury or who shall, by writing or printing, or any other method, profess to cure or treat disease or deformity by any drug, nostrum, manipulation or other expedient, shall pay a license of one hundred dollars ($100) per month into the treasury of said board, on which said payment such vendor shall be licensed by said board to sell drugs, nostrum, medicines and ointments. And any person so vending or attempting to sell either from his home or office or from vehicles or by traveling through the country, on foot or horseback, any such drugs, medicines or ointments, without paying such license, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not to exceed one hundred dollars ($100) or imprisonment in the county jail not to exceed ninety days, or by both such fine and imprisonment, in the discretion of the court.

Sec. 9. On payment to the board of the fees provided for in section 7 of this Act said board may grant licenses to licentiates of other states and territories which have like requirements as this Act provided for, and when said states and territories also honor our licenses or certificates, to the same extent as they now recognize our licenses and no further. Any person who shall practice medicine, or attempt to practice, without first complying with the provisions of this law, and without being the holder of a certificate entitling him to practice medicine in New Mexico, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not to exceed one hundred dollars($100), or imprisonment in the county jail not to exceed ninety days, or by both such fine and imprisonment, in the discretion of the court.

Sec. 10. One-half of every fine collected under the provisions of this Act shall go to and be paid by the court in which conviction is had to the sheriff, deputy sheriff, constable or other person who makes complaint and arrests and causes to be prosecuted the person so convicted. The other half of all such fines and all fees herein provided to be paid shall go to and be the property of the said Board of Health and shall be by the treasurer of said board kept in some bank designated by said board. He shall give bond to the board in the sum of one thousand dollars ($1,000) conditioned for the faithful performance of his duty as treasurer and that he shall pay over any and all sums of money received by him as such on the proper order thereof. Such bond shall be given by some fidelity or surety company authorized to do business in this territory, and the premiums paid therefor shall be paid by the board as one of its necessary expenses. All the expenses of the members of said board necessarily and properly incurred in attending the sessions of said board and for necessary supplies shall be paid out of the said fund on the order of the president and the secretary of said board. The treasurer of the board shall keep a correct and itemized account of all moneys received and disbursed, and shall make a report to the board at each meeting. The secretary of said board is required to report the doings and proceedings of said board, together with the amount of all moneys by it received and disbursed, and on what account, with items, on the 1st day of December in each year, to the Governor of New Mexico.

Sec. 11. Said Board of Health is hereby authorized and empowered to make all necessary rules and regulations for carrying out the provisions of this Act.

Sec. 12. Section 3 of Chapter 18 of the Session Laws of 1901, and all acts and parts of acts in conflict with this Act are hereby repealed, and this Act shall take effect and be in force thirty days after its passage.

Sec. 152. Construction of this article.
Sec. 153. Penalties and their collection.

Definitions (as used in this article).

1. University means University of the State of New York.
2. Regents means Board of Regents of the University of the State of New York.
3. Board means a Board of Medical Examiners of the State of New York.
4. Medical examiner means a member of a Board of Medical Examiners of the State of New York.
5. Medical school means any medical school, college or department of a university registered by the Regents as maintaining a proper medical standard and as legally incorporated.
6. Medicine means medicine and surgery.
7. Physician means physician and surgeon.

Sec. 140. Qualifications: No person shall practice medicine after September 1, 1891, unless previously registered and legally authorized or unless licensed by the Regents and registered as required by this article; nor shall any person practice medicine who has ever been convicted of a felony by any court, or whose authority to practice is suspended or revoked by the Regents on recommendation of a State Board.

Sec. 141. State Boards of Medical Examiners: There shall continue to be three separate State Boards of Medical Examiners of seven members each, each of whom shall hold office for three years from August 1 of the year in which appointed. One board shall represent the Medical Society of the State of New York, one the Homeopathic Medical Society of the State of New York, and one the Eclectic Medical Society the State of New York. Each of these three societies shall at each annual meeting nominate twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted under seal by the president and secretary, prior to May 1, to the Regents, who shall, prior to August 1, appoint from such lists the examiners required to fill any vacancies that will occur from expiration of term on August 1. Any other vacancy, however occuring, shall likewise be filled by the Regents for the unexpired term. Each nominee before appointment shall furnish to the Regents proof that he has received the degree of doctor of medicine from some registered medical school and that he has legally practiced medicine in this state for at least five years. If no nominees are legally before them from a society the Regents may appoint from members in good standing of such society without restriction. The Regents may remove any examiner for misconduct, incapacity or neglect of duty.

Sec. 142. Certificate of Appointment; Oath; Powers: Every medical examiner shall receive a certificate of appointment from the Regents and before beginning his term of office shall file with the secretary of state the constitutional oath of office. Each board, or any committee thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may, subject to the Regents' approval, make all by-laws and rules not inconsistent with law needed in performing its duties; but no by-law or rule by which more than a majority vote is required for any specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 143. Expenses: From the fees provided by this article the Regents may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any academic year shall be apportioned among the three boards pro rata according to the number of candidates whose answer papers have been marked by each.

Sec. 144. Officers; Meetings; Quorum; Committees: Each board shall annually elect from its members a president and a secretary for the academic year, and shall hold one or more meetings each year pursuant to call of the Regents, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum; but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards and by the Regents.

Sec. 145. Admission to Examination: The Regents shall admit to examination any candidate who pays a fee of $25 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than twenty-one years of age.
2. Is of good moral character.
3. Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this state.
4. Has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the state, whose minimum graduation standard is less than that fixed by statutes for New York medical schools. The Regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement evidence of five or more years' reputable practice, provided that such substitution be specified in the license, and as the equivalent of the first year of the fourth requirement evidence of graduation from a registered college course, provided that such college course shall have included not less than the minimum requirements prescribed by the Regents for such admission to advanced standing. The Regents may also, in their discretion, admit conditionally to the examination in anatomy, physiology and hygiene, and chemistry, applicants nineteen years of age certified as having studied medicine not less than two full years of at least nine months each, including two satisfactory courses of at least six months each, in two different calendar years, in a medical school registered as maintaining at the time a satisfactory standard, provided that such applicant meet the second and third requirements.
5. Has either received the degree of bachelor or doctor of medicine from some registered medical school or a diploma or license conferring full right to practice medicine in some foreign country, unless admitted conditionally to the examinations as specified above, in which case all qualifications, including the full period of study, the medical degree and the final examinations in surgery, obstetrics, pathology and diagnosis and therapeutics, including practice and materia medica must be met. The degree of bachelor or doctor of medicine shall not be conferred in this state before the candidate has filed with the institution conferring it the certificate of the Regents that before beginning the first annual medical course counted toward the degree unless matriculated conditionally as hereinafter specified (three years before the date of the degree) he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the Regents as fully equivalent; or held a Regents medical student certificate, granted before this Act took effect; or had passed Regents examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work of twelve counts of the preliminary education requirement, provided the name and deficiency of each student so matriculated be filed at the Regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had matriculated in a New York medical school before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years' study of medicine, shall be exempt from this preliminary education requirement. A medical student certificate may be earned without notice to the Regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculates in any registered medical school, in the four cases following:

1. For matriculants prior to May 9, 1893, for any twenty counts, allowing ten for the preliminaries, not including reading and writing.
2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition and physics, or any fifty counts, allowing fourteen for the preliminaries.
3. For matriculants prior to January 1, 1896, for any twelve academic counts.
4. For matriculants prior to January 1, 1897, for any twenty-four academic counts.

But all matriculants after January 1, 1897, must secure forty-eight academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree, unless admitted conditionally as hereinbefore specified, when the deficiency must be made up before the student begins the second annual medical course counted toward the degree.

[This Act took effect March 21, 1896, except that the increase in the required course of medical study from three to four years did not take effect till January 1, 1898, and did not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902.]

Sec. 146. Questions: Each board shall submit to the Regents, as required, lists of suitable questions for thorough examination in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia medica. From these lists the Regents shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates except that the examination may be divided as provided in section 145 and except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its State Board of Medical Examiners.

Sec. 147. Examinations and Reports: Examinations for license shall be given in at least four convenient places in this state and at least four times annually, in accordance with the Regents' rules, and shall be exclu-

sively in writing and in English. Each examination shall be conducted by a Regents' examiner, who shall not be one of the medical examiners. At the close of each examination the Regents' examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the Regents an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average and whether the board recommends that a license be granted. Such report shall include questions and answers and shall be filed in the public records of the university. If a candidate fails on first examination he may, after not less than six months' further study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the Regents they may waive the required six months' study.

Sec. 148. Licenses: On receiving from a State Board an official report that an applicant has successfully passed the examination, and is recommended for license, the Regents shall issue to him, if in their judgment he is duly qualified therefor, a license to practice medicine. Every license shall be issued by the university under seal and shall be signed by each acting medical examiner of the board selected and by the officer of the university who approved the credentials which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other state examining boards registered by the Regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York state medical school before June 5, 1890, and who received the degree M. D. from a registered medical school before August 1, 1895, may without further examination, on the payment of $10 to the Regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas conferring all rights and privileges of a Regents' license issued after examination.

If any person whose registration is not legal because of some error, misunderstanding or unintentional omission, shall submit satisfactory proof that he had all requirements prescribed by law at the time of his imperfect registration and was entitled to be legally registered, he may on unanimous recommendation of the State Board of Medical Examiners receive from the Regents under seal a certificate of the facts, which may be registered by any county clerk and shall make valid the previous imperfect registration.

Before any license is issued it shall be numbered and recorded in a book kept in the Regents' office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 149. Registry. Every license to practice medicine shall, before the licensee begins practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on, with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering each licensee shall file, to be kept in a bound volume in the county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all requisites as to attendance, terms and amount of study and examination required by law and the rules of the university as preliminary to the conferment thereof; that no money was paid for such license except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by any one or occurred in order that such license should be conferred. Every license, or if lost, a copy thereof legally certified so as to be admissible as evidence, or a duly attested transcript of the record of its conferment shall, before registering, be exhibited to the county clerk, who, only in case it was issued and indorsed as a license under seal of the Regents, shall indorse or stamp on it the date and his name, preceded by the words: "Registered as authority to practice medicine in the clerk's office of ——— county." The clerk shall thereupon give to every physician so registered a transcript of the entries in the register with a certificate under seal that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of $1.00 for registration, affidavit and certificate.

Sec. 150. Registry in Another County: A practicing physician having registered a lawful authority to practice medicine in one county, and removing such practice or part thereof to another county, or regularly engaging in practice or opening an office in another county, shall show or send by registered mail to the clerk of such other county his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued under seal by the Regents, or if the certificate itself is indorsed by the Regents as entitled to registration, the clerk shall thereupon register the applicant in the latter county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate the date and his name preceded by the words: "Registered also in ——— county," and return the certificate to the applicant.

Sec. 151. Certificate Presumptive Evidence; Unauthorized Registration and License Prohibited: Every unrevoked certificate and indorsement of registry, made as provided in this article shall be presumptive evidence in all courts and places that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the Regents. No such registration shall be valid unless the authority registered constituted at the time of registration a license under the laws of the state then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examinations of the school conferring the same, or not possessed at the time of its conferment, of the requirements then demanded of medical students in this state as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medicine, nor shall the degree of doctor of medicine be conferred causa honoris or ad eundem, nor if previously conferred, shall it be a qualification for such practice.

Sec. 152. Construction of This Article: This article shall not be construed to affect commissioned medical officers serving in the United States Army, Navy or Marine-Hospital Service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this state in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this state, and who does not open an office or appoint a place to meet patients or receive calls within this state; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine causa honoris or ad eundem or otherwise than on students duly graduated after satisfactory completion of a preliminary medical course not less than that required by this article, as a condition of license.

Sec. 153. Penalties and Their Collection: Any person who, not then being lawfully authorized to practice medicine within this state and so registered according to law, shall practice medicine in this state without lawful registration or in violation of any provision of this article; and any person who shall buy, sell or fraudulently obtain any medical diploma, license, record or registration, or who shall aid or abet such buying, selling or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record or registration illegally obtained or signed or issued unlawfully under fraudulent representations or mistake of fact in a material regard, or who after conviction of a felony shall attempt to practice medicine, or shall so practice, and any person who shall append the letters M. D. to his or her name, or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine or any of its branches without having legally received the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this state then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than $250 or imprisonment for six months for the first offense, and on conviction of any subsequent offense, by a fine of not more than $500 or imprisonment for not less than one year, or by both fine and imprisonment. Any person who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or a different name, shall be guilty of a felony. When any prosecution under this article is made on the complaint of any incorporated medical society of the state or any county medical society of such county entitled to representation in a state society, the fines when collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expenses incurred by the said society in enforcing the medical laws of this state shall be paid at the end of the year to the county treasurer. When an alleged criminal violation of any provision of this article is brought to the attention of the district attorney of any county, either on the complaint of a state or county medical society, or otherwise, he shall cause such alleged violation to be investigated and if satisfied that probable cause exists for the belief that such a crime has been committed, he shall cause the person committing such alleged violation to be presented as provided by law. **(Laws of New York, 1905, ch. 455).**

Summary of Requirements for License.

All requirements for admission should be completed at least one week before examinations. They are as follows:

1. Evidence that applicant is more than twenty-one years of age. (Form 1.)
2. Certificates of moral character from not less than two physicians in good standing. (Form 1.)
3. Evidence that applicant has the general education required, preliminary to receiving the degree of bachelor or doctor of medicine in this state. (Medical student certificate. See inclosed examination handbook.)
4. Evidence that applicant has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the state, whose minimum graduation standard is less than that fixed by statutes for New York medical schools.

The increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and receive the degree of M. D. before January 1, 1902. (Form 1.)

First Exemption—"The Regents may in their discretion accept as the equivalent for any part of the third and fourth requirements, evidence of five or more years' reputable practice of medicine, provided that such substitution be specified in the license and as the equivalent of the first year of the fourth requirement evidence of graduation from a registered college course, provided that such college course shall have included not less than the minimum requirements prescribed by the Regents for such admission to advanced standing."

5. Evidence that applicant "has received the degree of doctor or bachelor of medicine

from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country." (Form 2 or original credentials.)

6. The candidate must pass examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, therapeutics, practice and materia medica. The questions "shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate, and shall be in harmony with the tenets of that school as determined by its State Board of Medical Examiners."

Second Exemption—"Applicants examined and licensed by other state examining boards registered by the Regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York State medical school before June 5, 1890, and who received the degree of M. D. from a registered medical school before August 1, 1895, may without further examination, on payment of $10 to the Regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas, conferring all rights and privileges of a Regents' license after examination."*

7. A fee of $25 payable in advance.

* Under this provision of the statute licenses of New Jersey, Michigan and Ohio, state boards are endorsed, and agreements with District of Columbia, Minnesota, Wisconsin and Vermont boards are under consideration.

MEDICAL COLLEGES.

N. Y. 1.—COLLEGE OF PHYSICIANS AND SURGEONS IN THE CITY OF NEW YORK. (Medical Department of Columbia University.) Organized in 1807 by the regents of the University of the State of New York as their medical department under the name of the College of Physicians and Surgeons in the City of New York. The institution was connected with Columbia College for a short period in 1814, and became permanently connected with it in 1860, when the "Medical Department of Columbia College" was added to the original title. The original Medical Department of Columbia College was organized in 1767; it was suspended during the War of the Revolution, and then became extinct in 1813. The first class was graduated by this college in 1811. The dean is Dr. Samuel W. Lambert. Total registration for 1905-6 was 450; graduates, 152.

N. Y. 2.—COLLEGE OF PHYSICIANS OF THE WESTERN DISTRICT, Fairfield. Organized 1812, became extinct 1840, graduated 589 students.

N. Y. 3.—ALBANY MEDICAL COLLEGE, Albany. Organized 1838, first class graduated 1839, united with Union University 1873. The dean is Dr. Samuel B. Ward. Total registration for 1905-6 was 165; graduates, 32. (See special announcement adv. pg. XXXII).

N. Y. 4.—GENEVA MEDICAL COLLEGE, Geneva. Organized 1839, merged into College of Medicine, Syracuse University, 1872.

N. Y. 5.—NEW YORK UNIVERSITY MEDICAL COLLEGE. Organized 1841 as Medical Department of the University of the City of New York. First class 1842. Assumed above title 1898, united with Bellevue Medical Hospital College in 1898 to form University and Bellevue Hospital Medical College.

N. Y. 6.—UNIVERSITY OF BUFFALO MEDICAL DEPARTMENT. Organized 1846, first class graduated 1847 and classes graduated each subsequent year. Absorbed Medical Department Niagara University 1898. The dean is Dr. Matthew D. Mann, 37 Allen St. Total registration for 1905-6 was 225; graduates, 44.

N. Y. 7.—NEW YORK MEDICAL COLLEGE. Organized 1851-2. Extinct 1864.

N. Y. 8.—LONG ISLAND COLLEGE HOSPITAL, Brooklyn. Organized 1858, first class graduated in 1860 and classes graduated in each subsequent year. The secretary is Dr. Joseph H. Raymond. Total registration, 1905-6, was 343; graduates, 72.

N. Y. 9.—NEW YORK HOMEOPATHIC MEDICAL COLLEGE AND HOSPITAL. Organized 1858, incorporated in 1860 as Homeopathic Medical College for the State of New York. Present title 1869, first class graduated 1861, classes graduated each subsequent year. The dean is Dr. W. H. King, 64 W. 51st St. Total students registered for 1905-6 was 110; graduates, 30.

N. Y. 10.—BELLEVUE HOSPITAL MEDICAL COLLEGE. Organized 1861, first class graduated 1862 and classes graduated each subsequent year. In 1898 united with New York University Medical College to form University and Bellevue Hospital Medical College.

PHYSICIANS OF NEW YORK

EXPLANATORY NOTE.—This directory of New York physicians is compiled from material obtained through the Medical Society of the State of New York. Date of license is not given, as lack of time would not permit the collection and compilation of the records of the county clerks throughout the state. It is hoped that this information will be added in future editions.
